THE RIGHT REV. LENNOX WILLIAMS, D.D.
(B.C.S. 1870-76)

HONORARY CHAIRMAN, BOARD OF DIRECTORS.
HONORARY CHAPLAIN OLD BOYS' ASSOCIATION.

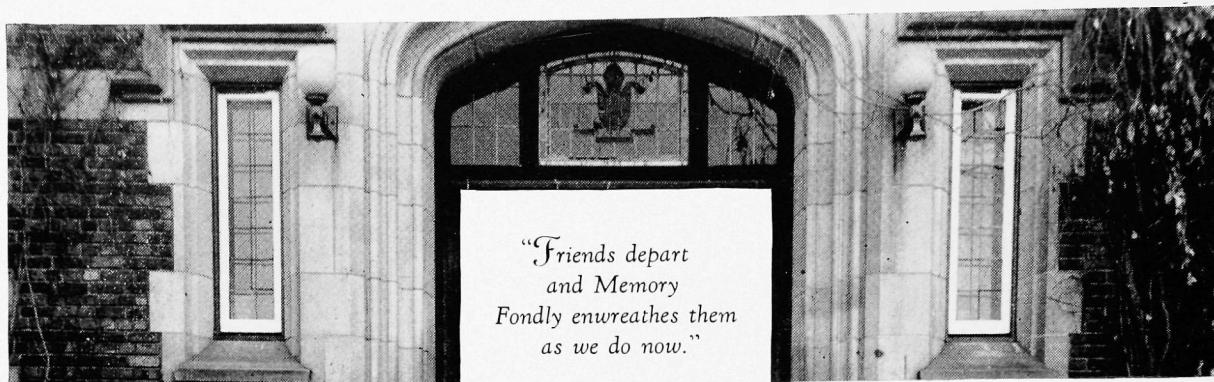

CHOICE

The hour has come for us to take our choice,
Whither shall we have our footsteps bend—
To God and all that's good upon this earth
Or Satan and a world that soon may end
In strife and bloody conflict terrible.
The crossroads are before us, now the choice,
—A fearful, warlike, God-forsaken world?
Full of bitter enemies and hates.
The other way the flag of right unfurled.
And all injustice tramped beneath our feet.

We must not show our weakness when we choose,
Pleading, appeasing, till our foe doth sway
The tide of battle and we know it not!
Appeasing never won for man the way
To overcome his foes. Let us be strong!
But caution in our strength let us be just,
Wise in our decisions over others
But chiefly in decisions o'er ourselves.
Then shall we have a world with men as brothers
Working together towards a common end.

JAMES HUGESSEN.

THE HANDS OF CIVILIZATION

Clutching and grabbing and snatching and strangling
 Are the Hands of Civilization. They slash
 The veins of progress with reckless knives; lash
 The raw backs of hope with whips of hate, mangling
 A weary humanity. Fingers wear flashy rings
 That dazzle praying children with a false dash
 Of light, and barter parents' love for evil playthings.

ALSO RAN

Had I the pen of Homer
To tell of great men's deeds;
I'd sing of lazy people
And hopeless little weeds.

The theme would be a new one,
Which few would ever scan,
Until my wretched heroes
Came in the "also ran."

I'd sing of natural cowards,
Effeminate and weak;
Who have no striking virtue,
Yet boldly virtue seek.

But when my hopeless heroes
Who greatly-daring ran,
Came in acclaimed as winners,
By hero-loving man,

I'd leave success to fight them,
And seek worse heroes still;
I'd whisper them a secret:
And fire a spark of will.

I'd snatch from domination
All little broken reeds:
Had I the pen of Homer,
I'd sing of small men's deeds.

THE TRUE LIE

The True Lie squirms evilly in the grasp of the mind,
 For it is ever hungry, and thrives on its own rottenness.
 The True Lie fears death as the mole cringes at the sun-
 light;
 It has life with the living, but dies with the dead.
 (Yet it is born again and will never perish,
 For it sheds death as the serpent discards its skin).

All the gold and glowing jewels of earth and sea will
 not buy the True Lie:
 Its price is disgrace, it is purchased with deceit, in every
 market-place.

O how the weak man treasures it, and stares at it day
 and night, unblinking,
 For the True Lie is never sightless, clinging, leech-like,
 to the decaying brain.
 How the foolish cherish the True Lie as a faithful pet,
 give it subtle names,
 And watch it grow lovingly, until it is a very part of
 their being.

But soon it far outgrows the mortal, engulfs him
 greedily,
 And the mortal is the slave of the True Lie forever.
 Eagerly the True Lie eats away the sweet meat of the
 brain, the tender heart, and the betrayed soul,
 So that the mortal withers like a dead spider, choked by
 the swelling of the True Lie, and becomes - nothing.

Editorial

Undefeated Teams were the "order of the day" during the year. We will not dilate here on their prowess since their outstanding performances appear throughout this, and the previous, Magazine. We congratulate them all most warmly.

Cordial congratulations are also due to all connected with the magnificent performance of Iolanthe. It was a veritable school cast of stars. Personally, we more especially enjoyed the art of the Lord Chancellor's consummate acting.

We also congratulate Anthony Abbott, President of the Debating Society, on winning the gold medal in the Rotary public speaking contest and bringing the Provincial Oratory Plaque to the School.

Most heartily do we commend the Senior Matriculation class on a right attitude toward work. The Seventh form this year has been, what it always should be: the flowering stage of school life. Hitherto unprobed and unsuspected talent was brought to light and developed in an ideal atmosphere, and with such attention and supervision as is not yet in the power—or, rather, in the province—of any university to give them.

We thought that the great school poets had vanished with Nicholl, Holt and Hugessen (Ken) and a few others; however, new poets have arisen expressing old truths in a new, artistic and inspiring form, which is the proper sphere of Poetry, while its sister art Painting, whose sphere it is to "hold the mirror up to nature," in its new form expresses itself in distorted, childishly ugly art.

Until last year we had the pleasure of meeting Ernest Cochrane, B.C.S. '78, at the Sports on Closing and reminiscing over Old Boys and days. He died this year at the age of 83. Head prefects will recall that at Closing he presented them with a token of his school-days in the late seventies.

HARMONY

Hush! . . . a world-wide symphony above, beyond, around!
 You softly tune your own heart's lyre to catch its secret sound:
 Then lovingly at dawning, or loudly at noon-day
 When burning sunshine marks the hours, you hear a wonder-lay.

In fragrant, old herb-gardens, between enclosing walls,
 Hushed, on a sun-baked midday, you half-know Something calls:
 The Spring-song of pale eglantine blown lightly by the breeze,
 'Neath scudding clouds and high sky and whispering Corot trees.

Then ancient Greece arises in quivering sunshine awed,
 As bright and strong and beautiful, the young gods walk abroad;
 And swelling still the chorus the poets' voices ring,
 Till angels pause and listen to songs that mortals sing.

This band may not be broken however few combine,
 And when You join the chorus the music is divine;
 But if a string is shattered the harmony is jarred;
 If there are flaws in any lute, the Symphony is marred.

Still, softly in the evening the magic pipes will play,
 And if you are in tune with them you swell the wonder-lay,
 While rosaries and rosaries are told in Heaven's scroll,
 Where stars and stars unnumbered on wings of diamond roll.

Cracked lyres will come for mending; snapped fiddles try to play
 And, with "Simplicity of Soul" their watchword, find the way.
 Then softly in the night-time, the magic bells will tell
 Each member of the Symphony some secret guarded well.

I heard them once in Allary, a barefoot boy, 'twas . . . oh!
 When going to bed by candle light a hundred years ago.
 The silver lines of water are falling down the weirs . . .
 Listen! the stars are singing now and Earth-choirs join the spheres.

CALIFORNIA HERE I GO

By GEORGIAN

Edmund Burke (B.C.S. 1893-'94)

* * * * *

Early this year I found myself in Texas, that huge territory which is nearly three times as large as Great Britain, where cowboys still ride bucking broncos, and oil wells gush forth fabulous wealth. An old friend of mine, Edmund Burke, the Canadian baritone who captured Covent Garden with his magnificent voice before the first world war, heard that I was in the States and invited me to stay at his home in Pasadena, California.

* * * * *

That evening I stood on the terrace of the Burke's exquisite house at Pasadena which is some twenty miles from Los Angeles, and decided that I could never leave California. Their house is on a hill which looks across to a valley where the lights come on at night until it is irresistibly reminiscent of the duet in *Louise* where the lovers sing their ode to Paris. Rising from beyond the valley was a snow-capped mountain. Round the house were flowers and orange trees in full bloom—a perfect setting for a poet with \$100,000 a year.

"This is peace," I said to Edmund and his cultured, charming Dutch wife. "Home is the sailor, home from the hill."

"And the hunter home from the sea," roared Burke with a mighty laugh. That's what I like about baritones. They have so much more gusto than tenors.

Everything would have been all right if a friend of the Burkes had not invited us next day to go racing at Santa Anita race course. We could have stayed in the sun and slept or talked and given imagination full flight among the tiny oranges. But once you drift into the maelstrom of Californian friendliness your peace is over.

UNE PARABOLE POUR L'ENTREPRISE LIBRE

De: The Financial Post

L'application pratique de la parabole des talents, par le Révérend Gordon C. Smyth, de la United Church, à Haliburton, Ont., est un exemple très clair de l'efficacité du système d'entreprise libre.

Ce ministre avait besoin de fonds pour rénover son église. Il emprunta \$1000 d'une banque et prêta cet argent en petites sommes, parmi ses fidèles. Il leur fit un sermon sur la parabole des talents et les poussa à appliquer dans leur existence quotidienne, le principe productif qui y était enseigné.

Ses ouailles fabriquèrent des choses qu'elles vendirent; cultivèrent des choses qu'elles vendirent; trouvèrent une étonnante multiplicité de manières de rendre leurs services utiles à d'autres.

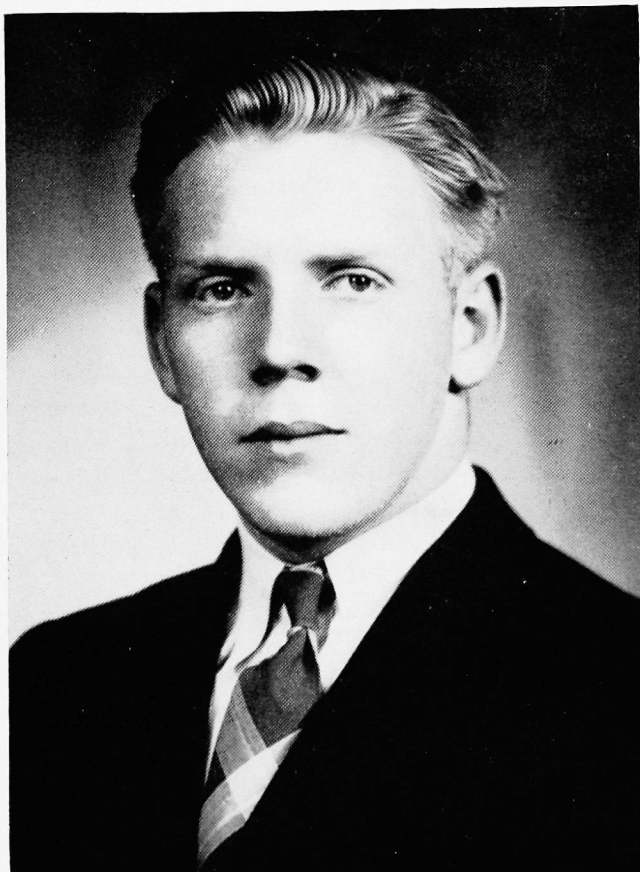

En deux mois, ces gens avaient plus que doublé leurs talents. Les \$1000 du début avaient augmenté à \$2570.

Le ministre avait fourni un sujet d'encouragement. Il appuya sur l'importance de l'initiative et de la ressource et ses ouailles y avaient répondu avec enthousiasme. Il utilisa un placement de capital pour procurer des moyens de travail; un placement que ses paroissiens firent travailler avec vigueur et imagination.

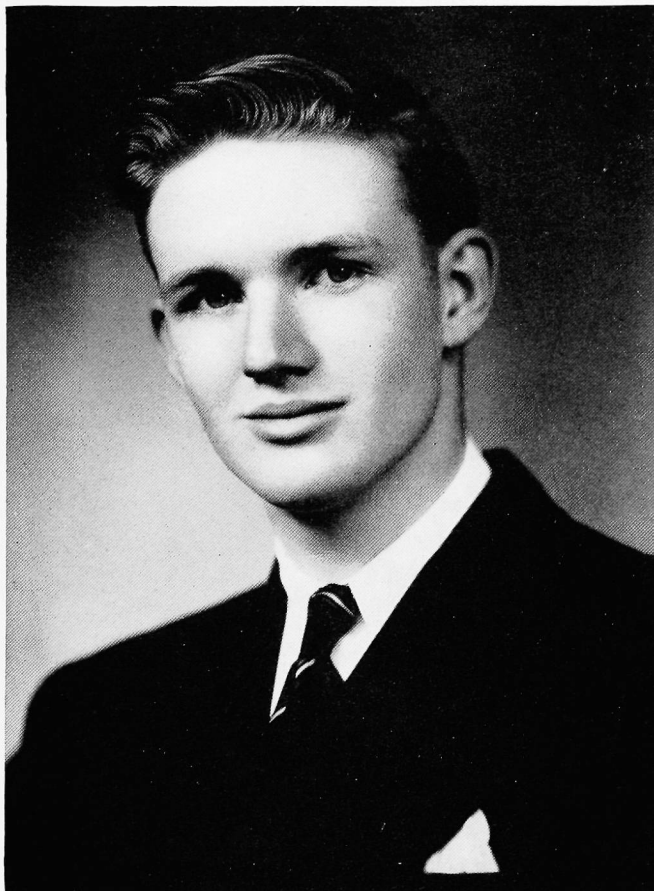

Ce ministre et ses fidèles réussirent dans leur commun effort en appliquant les principes essentiels du système d'entreprise libre.

WINNER OF THE GOLD MEDAL IN THE
ANNUAL ROTARY CLUB PUBLIC SPEAKING CONTEST
FOR HIGH SCHOOL STUDENTS OF QUEBEC.

WELTERWEIGHT BOXING CHAMPION (2 YEARS)

ANTHONY ABBOTT OF B.C.S. WINS ROTARY ORATORY CONTEST

From the "Sherbrooke Daily Record"

Anthony Abbott, 17-year-old student at Bishop's College School and a son of Finance Minister Douglas Abbott, won the boys' public speaking contest at the Montreal Rotary Club yesterday.

He won over three other contestants who had emerged victorious in semi-finals which followed a province-wide competition sponsored by the Rotary Club. They were Jack Troughton, 17, of Verdun High School, Robert Burns, 15, of D'Arcy McGee High School, and Myer Horowitz, 15, of Commercial High School.

The subject of their addresses, limited to five minutes each, were Abbott, "Courage and Vision"; Troughton, "Canada—A Nation of Destiny"; Burns, "Foundations of a Lasting Peace"; and Horowitz, "Atomic Energy—History in the Making."

The winning speaker gave instances of physical and moral courage as instanced either by the soldier on the field of battle or the fireman or any other person who braves danger knowingly to save another's life.

A gold medal was awarded the winner, a silver medal to the runner-up and bronze medals to the other two. A plaque was given to the school where the winner is

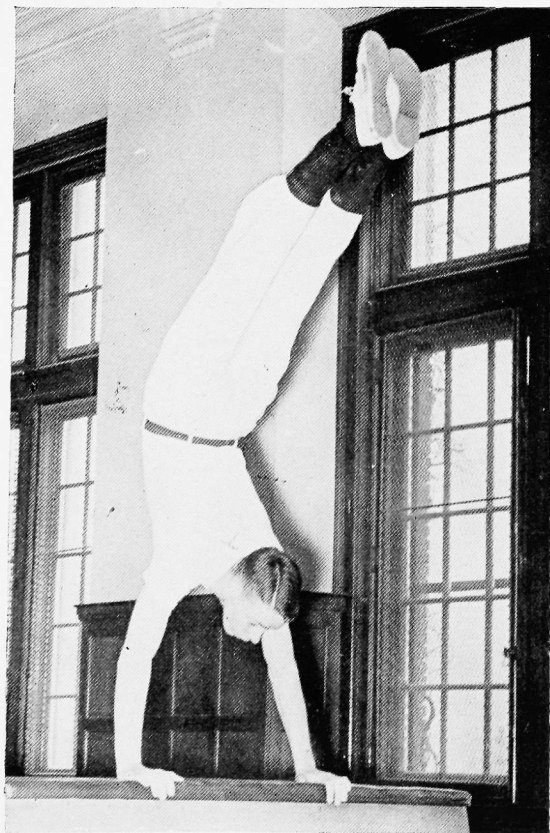

a student. The judges were Dr. J. C. Bonar, Councillor J. Austin Murphy, K.C. and J. P. Sheridan.

Present at the finals were Col. C. G. M. Grier, headmaster of Bishop's College School; Harold Grant, principal of the Verdun High School; S. N. Steven, principal of the Commercial High School and Brother Matthias, of D'Arcy McGee High School.

A. Edgar Whiting, president, was chairman of the meeting and Roland Gomery presided over the contest, the seventh since these annual events were initiated.

In his talk, Abbott, who had previously won the Eastern Townships elimination contest, sponsored by the local Rotary Club, referred to such great men as Churchill and Roosevelt, whose courage and vision brought the democratic nations victoriously through the horror and bloodshed of war. He stated that never in the history of the world had there been so great a need for these virtues.

"Today when Britain is facing bankruptcy, the need for moral as well as physical courage is more and more important," he said. "We must shake off fear and indifference and face our problems."

IMAGINATION

There is one who is waiting
By the sea,—
Alone
In the foam
Of the sea-mists, billowing.

And her voice is like
The hiss of sea-spray;
And her hair
Fair
As gulls' wings, meadowing.

But her eyes, green as weed,
Seek the pearl of your soul;
Far
As the star
Of the evening, glowing.

THE CHOIR

Chapel Notes

The regular worship of the School has been carried on as usual. Whether in St. Mark's Chapel at the University, or in St. Martin's Chapel, or the Assembly Hall up at the School, every day in term time has begun with the worship of God. With the help of the Choir, the Servers and all the members of the congregation, we have tried as a School to offer the best worship of which we are capable and then to work out the implications of that during the rest of the week.

On 28th September, the Headmaster preached at Matins and told us of the General Synod at Saskatoon, when the new Primate was elected. On 15th February, we were glad to welcome the Rev. Basil Jones, Dean of Divinity at the University, who spoke on the keeping of Lent. At the closing service of Evensong on 15th June, our guest preacher was the Venerable Archdeacon Jones, Rector of Lennoxville.

The Confirmation was taken by the Archbishop of Quebec, on 2nd May. There were twenty-one candidates: McGee, Porteous, Rogers, McLennan, Parker, Price IV, Popham, Riley, Johnson, Smith II, Cresswell II, London, Chapman, Mitchell, Christie, Grier, Findlay, Hart, Vaughan, Carter, Turnbull II. They made their first Communion on Ascension Day, four days later.

The Servers this year were: Ballantyne I, Almond, Lawrence I, Lindsay, Patterson, Hugessen, Pierce, Evans, Bishop, Berlyn, Whitehead II, Stewart-Patterson, Winder II. As usual, the Head Server has read the Epistle at the Sung Eucharist and all have carried out their duties conscientiously and well, including those 7.10 weekday mornings in the winter. Thanks are due to Mr. Page, who kindly manages to fit the Servers with cassocks from the choir when necessary.

We should also like to take this opportunity of thanking the different clergymen from the University who have

helped us at different times, especially Professors Childs and Scott, each of whom conducted services when the Chaplain was away.

The following prayer was handed to the Chaplain by a friend of the School on the occasion of the Choir's visit to Montreal. We reprint it here as other people may like to know of it.

"THE GAME GUY'S PRAYER"

Dear God: Help me to be a sport in this little game of life. I don't ask for any easy place in the line-up; play me anywhere You need me. I only ask for the stuff to give You one hundred per cent of what I've got. If all the hard drives seem to come my way, I thank You for the compliment. Help me to remember that You won't ever let anything come my way that You and I together can't handle. And help me to take the bad breaks as part of the game. Help me to understand that the game is full of knots and knocks and trouble and make me thankful for them. Help me to get so that the harder they come the better I like it.

And, O God, help me to always play on the square. No matter what the other players do, help me to come clean. Help me to study the Book so that I'll know the rules, and to study and think a lot about the Greatest Player that ever lived, and other great players that are told about in the Book. If they found out that the best part of the game was helping other guys who were out of luck, help me to find it out too. Help me to be a regular feller with the other players.

Finally, O God, if fate seems to uppercut me with both hands and I'm laid on the shelf in sickness or old age or something, help me to take that as part of the game too. Help me not to whimper or squeal that the game was a frame-up or that I had a raw deal.

When in the falling dusk I get the final bell, I ask for no lying complimentary stones. I'd only like to know that You feel that I've done my best. AUTHOR UNKNOWN

ANNUAL SPORTS DAY HELD AT BISHOP'S COLLEGE SCHOOL

From the "Sherbrooke Daily Record"

Following in his father's footsteps, D. Stearns, of Megantic, was awarded the Bishop's College School Championship, Smith Cup and Fortune Medal, for the best all-round athlete at the annual sports day held yesterday on the school grounds.

This championship, which is figured on a straight point basis, counting the first teams in football, hockey, skiing and cricket as well as each track and tennis event, was won by young Stearns' father, G. M. Stearns, in 1919.

Heavy clouds gave way to blue skies and sunshine as the events were started and the cool weather was ideal for both entrants and spectators.

Col. W. W. Ogilvie, chairman of the Board, introduced Brigadier G. V. Whitehead, who presented the trophies at the conclusion of the meet. The latter, an old boy and also a member of the Board, congratulated the sports master, J. G. Patriquin, and the boys on their excellent showing.

Parents and friends of the boys were entertained at luncheon in the school after the presentation of prizes.

Following is a list of the winners in the various events:

SENIOR

100 yards, the Balfour Cup: 1 D. Stearns, Megantic; 2 H. Bignell, Quebec. 220 yards: 1 D. Stearns, Megantic; 2 H. Bignell, Quebec. 440 yards: Senator White Challenge: 1 D. Stearns; 2 D. Châlet Notes

"Ease and relaxation are profitable to the mind."

A successful year is coming to an end now, for the Châlet. Unfortunately there has been only one dance. One planned for this term had to be cancelled due to an epidemic of measles at Compton.

Tom Cresswell broke all records by being elected president all three terms. On the committee this term were: Noel Goodridge, Vice-President; Robert Hartt, Treasurer; Ernest LeMessurier, Secretary; plus John Scholes, Tim Ballantyne and Lawrence Porter.

The first part of the term saw a rejuvenation of the Châlet building and grounds. There was a "levee en masse"; every one joined in to do something. The floor was sanded and painted so that it looked like new. The outside was painted. A small terrace, which was covered

with flagstones, was erected in front of the Châlet. In all it looked like a new place, and we hope that next year's members will keep up the good work.

The Châlet is losing none of its popularity. Now that Matric is near, it is used during classes as a study-hall. It offers relaxation for cricketers during matches, and also is an excellent place from which to watch cricket matches.

During the winter term there was a dance with Compton. Though it was in the vicinity of thirty below outside, the inside of the building was beautifully warm. It was very well decorated. Food, supplied in the dining-room, was excellent.

But now we must say goodbye to the Châlet. We hope others will make as good use of it as we have. N.G.

Seventh Form Notes

JAMES MICHAEL BALLANTYNE

As a Seventh Former, Bix is spending his fourth year in the School. He entered the school in the year 1944-45 as a Fourth Form new-boy from Selwyn House, keeping up the fine Selwyn House tradition of ranking among the first four in the class ever since. His first year Bix showed promising ability in skis by representing the school on the undefeated Junior Ski Team. The following winter he captured the Senior Porteous Cup for proficiency on skis. For the past two seasons he has proved himself a reliable all-round skier with the First Ski Team.

In the course of the past year, Bix has written several brilliant poems, most of which have appeared either in poetry contests or in previous B.C.S. Magazines. His exceptionally wide vocabulary and literary ability has gained for him the position of Chief Secretary of the Debating Society and also the office of Literary Editor for the School Magazine. Bix also attends the regular meetings of the Yardstick Club, of which he is a member. Although Bix's choice of clothing is exceptional, he is sometimes seen wearing the same tie more than once.

He is debating whether to be a journalist or lawyer, and hopes to be studying at Oxford a year from next October.

A.V.C.

(From VI Form '47)—HUGH BLAKE BIGNELL

Hugh, who is one of our more renowned Quebec boys, arrived at B.C.S. in September, 1944. Better known to his many friends as "Doc," he has distinguished himself in class as well as in sports.

In his first year here Hugh was a member of the fourth form where he won a History prize. He was also one of the famous "F" dormers and held a position as defense on the "Mohawks" hockey team. Last year he won the History, French and Spanish prizes in Five Science.

This year Hugh was a regular on First Football and First Hockey teams. He also represented the School in the shot put, javelin throw, pole vault and the 880 yd. run in the Track Meet in Sherbrooke.

In his studies he is trying for a science matric and may come back next year for his Senior. Wherever he may go, I am sure he will continue to have many friends and we all wish him the very best of luck.

J.N.S.

ALBERT VERNON CORLETT

You might have expected a tough miner from the wilds of northern Quebec to appear at Bishop's in the autumn of 1943, but Al Corlett was as civilized as anyone, and a very pleasant fellow to boot. He came down from Aldermac (where men are men, and the women are proud of it), entered the Third Form, and, passing each year, is now about to graduate from the mighty Seventh Form and proceed to Queen's University, where he will study to

become a mining engineer—and then discover gold all over the place!

Al has especially distinguished himself as a distance runner, who has won the annual cross-country race three times, and now holds the record for the four and half mile, up-and-down-dale course. But Al also runs the mile with success. He won it last June, and hopes to set a record this year, barring sprained ankles, water on the knee, etc.

He is really one of the more amazing characters at B.C.S., because he's always in good condition, running in the Fall, skiing in winter, and running again when June pops up. This winter, he skied very effectively and steadily for the First Team, winning every cross-country race in inter-school competition, and at the end of the season he was awarded the Whittall Cup for the best all-round senior skier—a worthy achievement.

Throughout the year Al has been working through the baffling Senior Matric Science course, and has survived an exciting series of explosions in the Chemistry Lab. He agrees with St. Augustine in calling poesy "vinum daemonum," and would rather Wordsworth blew far less "soul-animating strains," and really scorned the sonnet!

At any rate, the school has picked Al to be the first B.C.S. boy to win the Boston Marathon, and I'll bet he'll do it.

J.M.B.

(From VI Form '47)—JOHN HECTOR GRAY

John clumped in with his trunk on his back, chewing a large lump of bubble gum. He made First Team Football his first term here and had the same success again this year. After one term his abilities were recognized and he was promoted to a neutral. He played on First Hockey Team and later on First Cricket.

This year John was promoted to a head-boy. He was injured during the football season in one of the games and for this reason he was unable to play a full season of hockey. This term he has been manager for the Cricket Team.

John has not only excelled in athletics for he also has been doing well in class. He is sure to get his junior matric this year and we hope he can achieve a first class.

Whether he returns next year or goes on to McGill is not yet certain for he says he wants to be in town on St. Patrick's Day. Anyway, we wish him all the best and hope he is as successful in the future as he has been here at school.

D.G.M.

NOEL HERBERT GOODRIDGE

Noel, better known as Benny, first arrived here in April 1946, and entered Five Arts. Though arriving so late in the year is usually a handicap to a boy, it was a different story with Benny. His witty comments on all

subjects brought roars of laughter, mainly from himself, and won him many friends.

Last year Benny joined the Debating Society and has now risen to the position of Treasurer. He has also been on the Chalet Committee for the past three terms.

Being a Newfoundland boy, Benny's knowledge of Canadian sports was not very great, but last year he played on Second Crease Football and this year he was on Orphans Hockey Crease. He has also proved to be a fine gymnast by placing high up in the Gym Competition.

In the scholastic side of affairs Benny has done well, gaining a second class Junior Matric, and placing fourth in the school. This year he is writing a Senior Matric with the intention of entering Dalhousie University next year. There he will study to be a lawyer, so may we take this opportunity to wish him the best of luck in the future.

J.M.S.

HARTLAND MOLSON MACDOUGALL

Hart entered the Prep in 1942 and during his two years there he succeeded in making the Soccer Team twice, being captain of the Cricket Team, and spending two months in the Choir.

The following year, due to his brilliance, Hart found himself in the Fourth Form. In that year he played for Bantams and was captain of the Under XVI Cricket Team.

In the fifth Form Hart made the Under XVI Football Team and began his lengthy career with the Orphans.

Last year, as a headboy in the Sixth Form, Hart again played for the Under XVI Football Team and continued playing for Orphans.

This year Hart is in the Seventh Form. He made the First Football Team, and once more made the Orphans which this year reached astounding heights and were crowned Second Hockey Team. Hart is spending next year in Switzerland, and we all wish him the best of luck, there, and in the years to come.

W.W.O.

CHARLES ROBIN MOLSON

Robin came to B.C.S. and to Four A in 1944. He got his career here off to a good start by coming first in his form. As he progressed from the Fourth through the Fifth and Sixth to the Seventh Form Robin has maintained his good scholastic record. Since he has been at the school Robin has been noted for his proficiency with the tools of the carpenters' trade. This year he managed to take time off from his duties as a headboy in "D" Dorm to build himself a very handy little dinghy.

In the field of athletics Robin has made Under XVI Cricket, Second Hockey Team and the First Ski Team. In the latter he excelled in slalom and cross-country racing.

In September Robin plans to go into the Faculty of Arts at McGill and from then on his future is undecided. Whatever career he may embark upon we wish him the best of luck.

E.P.W.

JOHN MERTON SCHOLES

"Hence, loathèd Melancholy"

One of the English boys who did not return to the Old Country is John Scholes, known occasionally as Mert, but more commonly as Mole.

Coming to the Fourth Form from the Prep in '44, Mert was on the Junior Ski Team, the Under XVI Eleven, and received a prize as the best recruit in the Cadet Corps. Though unmedalled for his efforts, he became a Lance-Corporal the next year. He also made the Bantam Hockey Team and the Under XVI Eleven again. As he reached higher forms, he neglected his sports in favour of studies, though he has played for the Orphan and Midget Hockey Teams during the past two years.

Mert is the youngest member of the Seventh, and younger than most members of the Sixth—in age, that is. He is a fine scholar who just takes his studies seriously enough to be successful. He never seems to work particularly hard but always gets his work done.

He is a headboy and a member of Williams House, and his position is diligently upheld, the more so when he has a pair of shoes to be shined.

Always inclined to be cheerful and carefree, Mert has many friends. His sense of humour is strange and occasionally amusing. He also has the distinction of being the only Seventh Former to subscribe to the Gazette, which in his usual generous manner he lets everyone read.

John has worked out a philosophy whereby it is better for him to fail than pass by a bit. So he pretends he is not worrying about Matric even though he studies hard. But pass or fail his Matric, John's cheerfulness will always carry him through.

N.G.

EDWARD PAUL WINSLOW

Paul first came to B.C.S. in 1941, when he entered the Prep. After two years in the Prep Paul found himself up against his first year in the Upper as a new-boy. Passing through that important year without mishap, he proceeded to distinguish himself by coming second in Four B. Graduating easily into Five Arts Paul had a happy year as a member of that famous "C" Dorm (Alcatraz).

Taking his first four Matric exams that year Paul did well and followed up his initial success the next year by getting a good standing in his complete Matric.

At the beginning of this year Paul found himself a headboy in charge of "A" Dorm. He has borne the responsibility very well and has diligently carried out his duty all through the year. Paul has also had his full share in this record year for the school for he made the First Cricket Eleven, our fourth unbeaten team. A good standing in Senior Matric is all that remains to crown Paul's successful year and we all wish him the best of luck in the exams and whatever he may later choose to do.

C.R.M.

Sixth Form Notes

DAVID PAUL MACP. ALMOND

When Paul arrived at B.C.S. as a new-boy in 1944, the first thing he did was to strike up a conversation, and, he hasn't stopped talking since. His capacity for talking himself into a jam is only matched by his ability to get himself out of it by the same means, and so Paul has worked his way up to the Sixth.

From his first year, Paul proved to one and all his versatility in every aspect of school life. In that year he was first in General Proficiency in the Third Form, a feat which he has duplicated every year while working his way to the Sixth. Besides this, Paul won a scholarship in the Fourth.

Paul has been a familiar figure in sports circles. While in the school his adeptness has been shown in each field. In track, he has always placed in the first five in the cross-country; he has boxed as a finalist, played Second Team Football, hockey with the champion Midgets of 1947, and cricket. These accomplishments culminated this year in his making both the First Hockey and Cricket Teams.

Paul, aside from class work and athletics, has been a member of the Players' Club, in which he took part in such productions as *Henry IV*, in which he played the part of Falstaff, and this year he ended his four year stand by starring in both *"Iolanthe"* and *"Arsenic and Old Lace."*

Besides being a leader in this field, Paul was made a headboy in the Fifth, a position which he filled this year with much success, as he did with the rank of sergeant in the Cadet Corps. He has been a member of the choir for the past two years.

Paul's not sure what he wants to be after he leaves college, but it shouldn't worry him, for he could do anything.

CHARLES C. BALLANTYNE

C. C. Ballantyne, known to the fellows as Tim, came to the Prep in 1941. Here he gained a reputation as a staunch halfback on the Soccer Team, and the next year became captain. That winter he played First Team Hockey for the Prep on the forward line where, though rather small, he was outstanding. At the beginning of the year he went into the choir as a treble and is now a strong tenor.

In 1944 Tim came to the Upper where he maintained his athletic ability by making the Bantam Hockey Team. This was followed the next year by his making the Orphan Team.

In extra-curricular activities last year, Tim was in the *"Pirates of Penzance."* This year he is an ardent member of the *"Yardstick"* and the *Châlet*.

This being Tim's last year he made the First Football Team, where he displayed fine sportsmanship and great

determination. After passing every year with a good percent, Tim is really "putting his nose to the grindstone" to obtain a good matric. Next year he hopes to take a Commerce Course at McGill and we wish him the best of luck.
J.W.W.

HASKELL BURLAND

Buzz Burland came to Bishop's in the Fall of 1944, bringing with him a cheerful disposition and an athletic ability which ear-marked him as a future school officer.

His first year he was a member of F Dorm. That same year he showed his skiing prowess by making the Junior Ski Team. His second year Buzz was on the championship Senior League Football Team and took skiing again. Not satisfied with that he joined the cast of the *"Pirates of Penzance,"* proving that he had a good tenor voice.

His third year Buzz began his climb in the school's aristocracy by receiving a well-earned promotion to the rank of headboy early in the second term. He made the Second Football Team that same year and also the First Ski and Gym Teams. All this Buzz accepted with his usual modesty and set about his duties as a headboy in an earnest and unfailing manner.

This year Buzz was made Head Prefect, which position he filled very capably. He was snap for the unbeaten and untied First Football Team and captained the Ski Team to an undefeated season. He was again on the Gym Team and in the gym competition he ranked a very good fourth.

In the Cadet Corps Buzz performed his duties as Cadet Captain with the same efficiency and interest that has made him so successful a Head Prefect. His keen sense of responsibility and school spirit prompted him, though studying hard for Matriculation, both to join the cast of *"Iolanthe,"* and to fight his way to the heavyweight championship of the school in the recent boxing competition. In a few words, he does his duty effectively and unpretentiously.

Next year Buzz will be at McGill where the popularity and respect which he has gained at B.C.S. will establish him as a prominent member of the student body.

E.D.LEM.

MARTIN D. COLLIER

A black-haired boy bounded barefoot up to Bishop's one September day in '45, and from then on (though he wore shoes) he raced his way through everything from 5 mile cross-country races to touch lines in football games.

His first year, his natural ability moved him up from second to first crease, where he made first team twice. His most notable game was his first for the school, where he crossed the line twice, making the final score 12-2 for the purple and white.

In racing, he has finished second twice in the senior cross-country, and has won the 220 and 440 on sports'

day here, not to mention his competing in many events in E. T. meets.

As well as distinguishing himself in track and rugby, he has been on two second hockey teams, in numerous boxing and gym competitions, and has lent melodious aid to "The Pirates," "Iolanthe" and the choir.

Passing comfortably through the Fourth, Fifth and Sixth Forms, he is setting his hopes on McGill, and if past achievements can be any criterion, he will be equally successful there.

G. R. COUREY

Ray breezed into B.C.S. in 1944. He came from the town of Farnham and entered the Third Form. Since then he has made his way into the Sixth Form, has played on the Bantam Hockey Team for two years, football for second and third crease, and also on the winning league in cricket. Last year he was on the Junior Ski Team and this year on first ski crease.

He achieved honours in the Third and Fourth Forms and has been working hard for his matric in the Fifth and Sixth. He has taken part in the Music, Stamp and French Clubs. This year he was Ass't. Business Manager of the production of "Iolanthe." He hopes to enter the Faculty of Commerce at McGill next Fall, so good luck, Ray.

A.G.H.

THOMAS B. CRESSWELL

Tami is a peace-loving man! Since he came into the Prep in 1942, he has rather grown on us (and grown and grown and grown), and when he leaves, Bishop's will have a large vacancy to fill, for Tami has figured largely in school affairs.

On the soccer and hockey teams in the Prep, he moved up to Three B, where he distinguished himself by coming first and by making the Bantams. Up the hard climb to the Sixth Form, Tami's name has been associated with the E. T. Champion Bantam Spitfires, the Senior House Rugby Team, and two Midget teams, the last of which won the E. T. Championship and was moving in on the Provincial title when it was stricken with measles.

In the Sixth, Tami hit the jack-pot. A power in politics, he was elected President of the Châlet. He was that rare combination of an efficient and popular administrator.

Head-boy in Chapman's House, Cadet Sgt. Major, middle on the unbeaten First Rugby Team, Tami has never been too busy to have a little chat with his friends. And it's quite a time, too, having a little chat with Tami, for as he would say, "Awright, awright, what's a little punch between friends?" But as soon as he's slugged you, he's always ready to make peace, for Tami's a peace-loving man.

DONALD STEPHEN FAERMAN

Donald "Gus" Faerman arrived in the Third Form in September 1943 and received the usual welcome given all new-boys. During the past five years here he has devoted himself to various sports activities as well as to his work.

He has played football for the inter-school House champions. He received his First Football Team Colours helping it to an undefeated season this year. Last year he was a member of the First Ski Team, but due to ill health this year he had to content himself with the post of manager. He served as a corporal in the Cadet Corps. We sincerely hope he gets his matric and wish him good luck in whatever he may do after leaving school. L.T.P.

GEORGE A. FURSE

George entered the Prep School in 1941 and in 1944 arrived safely in the Upper School. He joined the Players' Club and the choir, and terminated his year by passing easily into the Fourth Form. Here, he gave an excellent portrayal of Ruth in "The Pirates of Penzance," and distinguished himself as a finalist in the boxing competition. In the Fifth Form he played well on the Under Sixteen Football Team, and was in the Players' Club production of Henry IV. He safely navigated the pitfalls of Fifth Form exams and moved up into the Sixth where he made Second Team Hockey, "charged" through "Arsenic and Old Lace," and played outstandingly the role of the Lord Chancellor in "Iolanthe." In all his school activities he has shown perseverance and enthusiasm and usually attains what he really is after. These qualities combined with his effervescent humour bodes well for him when he dashes into the trackless wilderness of life.

G.R.S.

DAVID M. GLASSFORD

Dave came to Bishop's in 1944. He immediately became well known as a sportsman, and sometimes, a scholar.

His first year, he played on a junior football crease and on the Midget Hockey Team. The next year he was promoted to the Fifth Form, played on the Second Football Team, and again for the Midgets.

His third year, Dave once more played for the Second Football Team, and made the First Hockey Team.

This year, in the Sixth, Dave was promoted to the rank of headboy. He was an efficient officer in the Cadet Corps. Dave was also a three-colour man, making First Football, Hockey, and Cricket Teams.

Next year Dave hopes to go to McGill, and by odds he should make it. But wherever he goes, we all hope he will be as successful both in work and play as he was here.

D.G.McM.

ROBERT HARTT

One could not find a truer or more sincere friend than Bob Hartt. Bob's complete unselfishness, coupled with his sense of justice and fair play, make for him, both here at B.C.S., and in Montreal, a great number of friends.

During five years here, Bob has distinguished himself in athletics particularly. He has played football on all three creases, and would, undoubtedly, have done well this past Fall if he hadn't been prevented from playing by a series of unfortunate circumstances. Hockey has been Bob's "sportus mirabilis." He has made Bantam, Midget, and

First Team Hockey, and during this last winter on all occasions, put in a really outstanding game. Each Spring now after two strenuous seasons of athletics, Bob has turned to Under XVI and First Team Cricket for a month or so of relaxation and sunshine. In 1947 Bob added the lightweight boxing championship to his record.

Bob's last year at Bishop's has been topped off with his appointment as a headboy at Chapman House, his appointment as a sergeant in the Cadet Corps, and finally his election as Business Manager of the "Yardstick."

Wherever Bob goes he will have friends; whatever he does, he will do well. M.P.

ALAN G. HUTCHISON

Alan comes from Westmount, and is one of its staunch supporters at school. He first came to the Prep in 1943, and is justly proud of his record of being longest a member of the Upper School who has not failed.

He studies hard and does not have as much time for school activities as he would like. He played for the Second Football Team last Fall. He gained the position of Librarian, which he fills efficiently and courteously.

He enjoys spending any spare time tinkering with electrical appliances. Next year he will doubtless be at McGill, carrying on the good work. G.R.C.

IAN JAMIESON

Ian Jamieson, better known as Harry, entered the Upper School in 1944 in the Third Form. Through hard work and perseverance Harry has made his way up to the Sixth Form, and is now looking towards Flint, Michigan, as his next place of residence.

From the beginning Harry showed a great liking for automobiles and has been sometimes referred to as "exhaust-pipe Jamie" or "hydromatic Harry" and many more such nicknames.

In his first year he was a member of the school Cadet Corps Band and it was there that he earned the name of Harry, after that famed trumpet player.

At the present Harry is the only member of our compact community who hails from St. Hyacinthe and he is certainly a great credit to the town. E.A.W.

ERNEST DAWES LEMESSURIER

Ernie came to "Bish" in 1944 and like all prominent figures, entered "F" Dorm. He got along well from the beginning, and his fine disposition and ever present wit won him many good friends who won't forget him for a long time. Mr. Evans found good talent in him and he played a lead in "Arsenic and Old Lace" and "Henry IV." They also found out he could sing and he was in the tenor chorus of the "Pirates of Penzance" and "Iolanthe." As for sports, he played good hard football on Second and First Football Teams at middle and did a first-class job on both, carrying the ball on bucks and in making room for the ball carrier. His first year he made the Midget

Hockey Team and this year made Second Hockey. In the meantime he took up the manly art of skiing. This year he was given the well earned position of headboy at Chapman House. Last but not least he was made captain of Second Cricket Team.

His studies have been reasonably good since he entered the Fourth Form in 1944. Wherever he goes, whatever he does, these assets and our best wishes will make him as successful in the great outside as he has been here. H.B.

IAN LESLIE McCULLOCH

We first saw Ike on a bitter September day in 1943. We proceeded to see him in all school activities, including sports, the choir, the class-room and the like. Since that memorable year when he entered Remove Form in the Prep School, he has risen high, making all the Prep teams, captaining two hockey teams—Prep First and School Second; lifting his voice in support of the trebles, altos, tenors and basses in the choir in successive years.

He has passed every year except the 1946-47 season when he took time out to captain the champion Senior House Rugby Team, to be a member of the First Cricket Team, a sergeant in the Cadet Corps, and to otherwise distinguish himself. It would take pages to describe his various school activities, let it suffice to say that he has stood out in every field while he was here, including the stage, Private Willis in "Iolanthe"; sports, and scholastic achievements.

He finishes this year as a headboy, and with a first-class record behind him. The best of luck in whatever you may do, "Ike." M.L.W.

DAVID GREEN McMASTER

Dave McMaster came to Bishop's in 1945 with the intention of making good, which he did. In a short time he got to know everybody and was liked by all. His first year he did very well in the sports field by making the First Hockey and Cricket Teams, which was a very good effort on his part. For these achievements, he was promoted to a neutral in his first year which was quite an accomplishment.

In his second year he played on the Second Football Team, and completed a perfect year by getting his Hockey and Cricket Colours.

This final year he was made a headboy, and an efficient corporal in the Cadet Corps. He was captain of the Second Football Team, played on the unbeaten and untied First Hockey Team, and also for the First Eleven.

Mick will be going to McGill next year and wherever he goes, we wish him the best of luck. D.M.G.

PETER OAKS

In 1945 "Harry" crept into the halls of B.C.S. and into a large Fourth Form. There, he became proficient in ducking "heavy histories" and rabbit punches.

In the Fifth Form he was promoted from Fourth to Third Crease in football. He joined the ski crease where

he set a new record for the cross-country. A rescue party was sent out and he was greeted by a fanfare on a bugle, 112 minutes and 32 seconds after setting out.

He bounded into the Sixth. Sports were taken very lightly and he wrote entrance exams to Williams College where he was accepted. One and all join in wishing Harry the best of everything in his future activities. T.B.C.

W. W. OGILVIE

Watson, another of the Cartierville boys, spent two years in the Prep before entering the Third Form of the Middle School. That year he worked his brain overtime and came second in his form. He also played for the Bantams. In the Fifth Form, Watson became associated with the Players' Club in which he starred for the next two years. That year he made the Under XVI Football Team. This year Watson is in the Sixth Form and is a headboy. His part in the Players' Club production "Arsenic and Old Lace" was not the largest, but was one of the most amusing and he acted it well.

Og was also on the Second Football Team. Next year will find Watson back in Lennoxville, but on the opposite side of the river, and we all join in wishing him the best of luck in his matric and at the College in the years to come.

H. M. MacD.

MICHAEL ROGER PEERS

This was Mike's first and probably last year at B.C.S. He adapted himself to his new surroundings very readily and very agreeably. As proof he was elected the first President of the new Yardstick Club. He played on the Second Football Team, and did a little skiing. This term for Mike has been all work and no play. The Matric results will justify his stand. What Mike is going to do next year is at this point uncertain. Whatever it is we all wish him luck, although we are sure he won't need it.

R.H.

LAWRENCE TUPPER PORTER

The title of this article is: "Tup Porter's six successive, successful summers at the school." Tup's been here since 1942 when he entered the Third Form, and was promptly dubbed with his present nickname. He's one of the oldsters who lays claim to knowing the prefects who whaled the tar out of you in the good old days.

His first two years he stepped rapidly through, using his hands with his head in the Carpentry and Science Clubs, and rising from third to second crease football. Then he hit Five Science, and also hit a snag in promotion, staying there for three years; but his extra-curricular activities became well known. He was a member of the Senior House Champion Football Team for two years, spent two years in Chapman House, divided by his D Dorm year in School House. He played hockey for the Midgets, and otherwise acquitted himself well. Worthy of mention is his high jumping for the school, and he was second in the E. T. Track Meet.

This year he is in the Sixth Form, a headboy, an ex-

tremely useful First Football Colour, and a definite hard worker. And now the final word! The hackneyed phrase is again used with a new twist. Tup! may you live forever and get your Junior Matric.

D.S.F.

THOMAS EVAN PRICE

On his arrival at B.C.S., Tom already had one important advantage as to his character—he hailed from Quebec! He entered the Fourth Form and immediately showed considerable promise as an athlete by playing Third Crease Rugby, Midget Hockey as goalie, and was a member of the Under XVI Eleven. The one nasty trick of his school career was when he left his unfortunate side-kicks and entered the Senior School. There he captained the winning rugby team of the Senior House League, played outstanding hockey as regular goaler on Midgets and won the top batting average on the Under XVI Eleven. Tom also won the Junior All-round Championship for the best junior athlete of the year.

His third year he was promoted to a headboy, and, captaining the Second Football Team, playing both First Hockey and Cricket, as well as winning the Senior Tennis Singles, he displayed the true sportsmanship so ably displayed by his brother Bill in past years.

This year has seen Tom rise to the peak of his school achievements. Playing on all three undefeated and untied First Teams—Rugby, Hockey and Cricket, and as a prefect, and stage manager of both productions, "Arsenic and Old Lace" and "Iolanthe," Tom upheld in the noblest of efforts, the traditions of the incomparable Price family.

J.T.R.

JOHN T. ROSS

John T. Ross entered the Fourth Form of B.C.S. in the Autumn of '44. He immediately made a name for himself by acquiring a position on the Second Football Team. In the same year he was a very valuable defenceman on the Midget Hockey Team, and a sprinter on the Track Team.

John's second year, which was spent at Chapman's House, was even more successful. He became once more a member of the Second Football Team, and was elected captain of the Midget Hockey Team. This year, too, he made the Under XVI Cricket Team, which toured Ontario, and again ran for the School in the Interscholastic Track Meet.

On his return to the school for his third year, he found himself a headboy, a well deserved position, and became a very valuable end on the First Football Team. He then went on to acquire a position on the First Hockey and Cricket Teams, which established him as one of the few three-colour men in the school.

The rank of prefect was John's next step, and he was elected to the office on his return to the school this Fall. Due to an attack of pneumonia, he was unable to play football this year, but nevertheless he managed the First Team very capably. He did play part of one game, however, and helped the team remain unbeaten and untied.

He was elected captain of the First Eleven, after having played defence all season for the undefeated and untied First Hockey Team. Besides these accomplishments, John was Band-Sergeant in the Cadet Corps, and has turned out a very fine band.

Though John's future is uncertain, wherever he goes we know that the fine character and good personality that he has shown at B.C.S., will win him many friends in later years. Good luck, John. T.E.P.

WILLIAM "ROCKY" SCHOLES

In 1942 Rocky swaggered into B.C.S. but nobody ever thought that this boy was a future pug. At this point it was more or less pinups for him and he became a staunch movie fan. He joined the Football and Ski Creases, but this didn't suit him and in the Fourth Form he turned to boxing. Then the whole school began to listen to the Friday night Gillette fight broadcasts, and Rocky went into training. He battled his way to the Welterweight Championship.

In the Fifth he became a headboy which duties he fulfilled very well. Here too Rocky went into stiff training but this time a little more seriously and he fought to the Middleweight title with ease.

This year he returned as a prefect and Cadet Lieutenant. Again this year he went into heavy training as Sperdakos threatened to take his title, but with no avail and again Rocky was the champ by a series of knockouts. This year he started the Granada Club and is the best fan seen here for a long time. Rocky is leaving the school this year, being a popular guy with a good record and we all say: "May Rocky always win." "MANAGER"

GORDON R. SHARWOOD

On September 12th, 1947, Gordon Sharwood, better known as "Ish" for some unknown reason, passed through the portals of Bishop's College School and entered the premises of Room 6—the Five Arts classroom.

He had bided seven years of his time at Selwyn House School and now had entered the big time to make his mark and become famous. He did just that. He became the brain of the Fifth, played vicious football with his tackling, and in the course of the last two years has made Under XVI Cricket, Third Team Football, and solidified his academic standing by coming second or third in the class. He is a great threat to our more scholastically inclined, less athletically inclined, clever people.

But to look at the serious side of things, Ish, since he came here, has made his mark remarkable, and whatever his plans, they will surely mark the path of success they have here. G.A.F.

IVAN TENNANT

"Ive," as his friends affectionately call him, wandered unobtrusively into school life for the first time in September, 1946, having come from England in 1944 and spent the intervening years in the States. Ivan rapidly acquired

the reputation of a "brain," and to justify it pulled off a 75% his first year. Though he has not excelled in the field of sports, he has been a staunch member of the Cadet Corps, and has done some excellent work in the Camera Club, having had one of his pictures exhibited in Sherbrooke.

While he may not perform miracles on the football field, his warm smile and ready friendship, and above all his admirable disposition, make Ivan a pleasant fellow to have around. Next year he hopes to go to McGill, where he will study to become a research chemist, a rugged course, but one in which we are sure he will do well. And so next year and afterwards, the best of luck to you, Ivan. M.L.W.

MICHAEL L. WALL

How now . . . ! Mike's three years here have been a profitable period for himself and the school. Not only have we learned to like his quiet, good humour, but he has participated with great success in all school activities. He entered the Fourth Form in 1945 and was promoted with an 82% average, was a member of the Junior Ski Team, and an accomplished speaker in the B.C.S. Debating Society. In Five Science he came first for the year with 85% and for recreation he became a member of the Camera and Science Clubs. As Mike's record shows, he is scientifically and politically minded, but this year he departed from this sphere somewhat by making the Second Football Team, joining the Shooting Club and being made a Lance-Corporal in the Cadet Corps. Without doubt no finer example of quiet, likeable efficiency is there in the school than he, and so whatever you plan to do in the future, Mike, our best wishes go with you. I.L.McC.

EDWARD A. WHITEHEAD

Edward came to the Upper School from the Prep in 1943. Shortly after entering the Middle School, he was obliged to leave the Choir because his voice was breaking, resumed his position about a year ago as a bass, and incidentally, he is the Choir's tallest member, being 6'4".

In 1943 Edward made the Junior Ski Team. In '45 and '46 he was on junior school football teams and in 1947 he acquired Second Team Football Colours. He was awarded a 2nd Class R.M.C. crest in '46 and '47 and has worked his way up to the rank of sergeant in the Cadet Corps, having won the cup for being the Corps' most efficient N.C.O. at the annual Inspection.

Edward has a very quick mind. Mathematical answers seem to come to him in a flash; not that there's much resemblance, but girls seem to react in a similar manner. This is most likely due to his tall and dark stature. I.J.

JOHN W. WINDER

John W. Winder, better known as Doc, came to the Prep in 1940. He spent three years there and during that time made the Prep Soccer and Hockey Teams. As goaler on the Soccer Team, he could always be counted on to nab any balls that came his way.

In 1943 "Doc" passed on to the Upper School, taking with him his jokes and cheerfulness. During his years in the Upper, "Doc" made Bantams and Midgets, playing on the latter for two years. In his final year, "Doc" became snap on the Second Football Team, and he did a marvellous job and could always be seen in the thick of things.

Next year "Doc" is going to U.B.C. where he plans to take Science. From there he will enter Medicine. As a doctor I'm sure he will follow the fine example set by his father. The best of luck to you, "Doc." C.C.B.

Five Arts Form Notes

The deadline for the Five Arts Form Notes is this evening, and they aren't done yet. ABBOTT is busy memorizing the Latin cribs. LAWRENCE I has to finish his novel so he can get down to studying. LINDSAY is working hard at Higher Arithmetic. MARTIN I is off swimming in the Salmon River. MALCOLM spends his time rolling his own. SPERDAKOS is trying to study over in the Infirmary, and WINKWORTH is practising for the Dorm Relay. That leaves only me unoccupied, so I guess I had better start writing the Form Notes.

Five Science Form

THE FIVE SCIENCE JUNE-BUG

It's 8.30 p.m. and Five Science is supposedly doing prep. A june-bug sneaks in peacefully through the window. After doing an excellent loop-the-loop over the fluorescent lamps it dives towards BIRD. Lo!—it stops and retreats—ah yes! june-bugs are afraid of birds.

The june-bug circles the classroom and swoops towards BILL SCHOLES. Yes sir, it's a left to the jaw and a right cross to the wing; the june-bug bobs and weaves; he's approaching our Gillette mike and receives a terrific left hook flush on the jaw . . . it's a knockdown. The june-bug is down from a hard left hook. There, in the corner, SCOOP TREMAIN is taking a picture of it. Wait a minute! Here comes TWO-TON SCHEIB. He proposes to sit on it, but no! HOT-LIPS STEEVES talks him out of it. He can talk anybody out of doing anything. Meanwhile the june-bug gets up at the count of eight and flies again—he hasn't given up hope yet. He circles GILMOUR's head but gives it up, it's too massive for him. GOOZE CAMPBELL is getting scared and starts breathing heavily. He escapes! A smoke-screen now protects him. In the audience RON HICKEY and WEENS GLASSFORD are having one of their usual feuds. It looks as if WEENS does not want to pay his bet. DON LAWRENCE is the referee in this fight and here he comes now with the decision.

Wait! There's a lot of noise going on around here. The june-bug is picking up speed again and JEFF MORKILL is shooting at it with his B.B. gun. He says it reminds him of the good old times when he used to shoot the bull in Peru. All sorts of projectiles are flying through the air. BOOT CHRISTIE now sees a chance to throw his hated Geometry book. RABBIT PRICE is undisturbed and keeps on studying his "Tweezy Magazine."

Beware! Here comes SAM SALTER sneaking up on it. He intends to kill him with his mighty weapon, the geometry-set compass. Nevertheless the insect is not asleep and evades being bisected. He flies around and makes a three-point landing on PATTISON's head. Haw! He gets an electric shock. Now the june-bug concentrates on COHEN's big nose and bites it. It must have hurt because he's got COHEN doing mad somersaults all around the class.

What? All through this excitement JOE STEARNS is asleep? Now he yawns at all this commotion, but, ah misfortune! the june-bug dived right into his mouth. This however, does not bother JOE, for you see, that boy can eat anything!

Four-A Form Notes

These are the notes of Form Four-A,
They're pretty feeble I'm sorry to say.
The brains of the form, I've put them first,
Are Porteous, Hugey, Bishop, and Gus.
Gus is a brain, it's an evident fact,
'Cause he can look o'er Bishop's back.
Porteous makes up what he lacks in growth
By coming first and beating them both.
Hugey by himself does pretty well,
But he sits beside Tim, so no one can tell.
The boys who try do very nice,
These include Soutar, McCulloch, and D. Price.
I've put down D, because Prices are many,
It wasn't important, for the other four haven't any.
Georgie Dawson, Patterson, McCord
Who came up from the scruffs must not be ignored.
Somebody who arrived before we were here
Is Georgie Willis from good old Rosemere.
Scheib, Hutchison, Evans, are three of a kind,
But they sure look different from the behind.
Hogg and McGee are very likely to cram
For they have to write the final exam.
Garneau and Spafford are not least but last,
If you don't like this poem just turn the page fast.

GERRY WIGGETT

Hockey Foreword

A group of youthful veterans that eventually became a great team brought B.C.S. through an untied, undefeated hockey season. This was the second time in five years that the trick has been turned—the first time since 1944.

We had on hand the goalie, four first-string forwards, one utility winger, and three regular defencemen from the 1947 titlists, a good team, too. Prospects appeared bright from the first, with an average weight of about 170 pounds, exceptional speed and experience, but it took over half the season's games for the team to find itself. When it did, it is extremely doubtful if there was a private school team in the Dominion that could have topped them.

Sheer speed, power and individually brilliant performance carried the boys past all opponents in the first seven games. Old Boys' short-handed but capable team, and later, a fast but ragged L.C.C. crew nearly broke the victory skein, and if the squad had a great weakness, it appeared to be a lack of coordination, not of ability. This, Gerry strove to cure. Ashbury's appearance here brought out some of the team's potential greatness, and, just before the Trinity game, the boys loosened up with the passes. Team consciousness triumphed, and they became a great team. That they showed in convincing fashion before a thousand spectators at the Forum when they outfought, outgeneralled and handsomely outscored a fighting T.C.S. team which enjoyed a territorial advantage, but could neither fathom our defensive system, nor

catch our thrusting, scoring breakaways. (Hugh and Dan Doheny, veterans of the 1933 triumph over Trinity, watched this game with very evident approval.)

In the second meeting with L.C.C., a Cup game, they rose to even greater heights, as they denied the home team's every effort to score, and posted a five-goal shutout to win the A.O.B.A. trophy again, this time without a goal scored against them.

Old Boys, with some of the great 1944 team, some older and some younger vets, supplied the champions with very formidable opposition in the valedictory game, the second of the two best Old Boys' games we have ever enjoyed. No teams were tougher for the 1948 titlists; no teams were more sportsmanlike than those former captains—and many former champions—of B.C.S. hockey.

As another B.C.S. plaque goes on the vase of the Ashbury Old Boys' trophy, we must again pay tribute to The Man on the Bench. At the season's end, Gerry remarked, with characteristic modesty, "Well, that team really didn't need much coaching." A genius in understatement as he is in handling players, Mr. Wiggett ignored the fact that he probably never worked so hard to mould a team out of a fine group of players. It was a job that required sincerity, experience, tact, humour, and, on occasion, severity. His outstanding achievement in this task has carried with it many lessons that are as valuable as those of the form room, the lab and the prep hall. B.C.S. thanks you, Gerry, for much more than an undefeated season.

FIRST TEAM PERSONALS

Gray, left wing and Captain. Third year on team. John made his last year his best, especially in the latter part of the season, when he teamed up beautifully with his linemates. One of the hardest workers on the team, his ability to batter through is phenomenal, and his inspired leadership simply wouldn't admit defeat.

McMaster, centre. Third year colours. In 29 games while at school, Dave spent just four minutes in the penalty box; the rest of the time, he was one of the drivingest, most unselfish and effective centres you'll see in school hockey. Always where he should be on attack on defense, he was a coach's, a player's, and a fan's player.

Rider, centre. Third year man. On the attack, tricky and fast, Fred had a sniper's shot, a baffling shift. He was rather a one-way forward, but a pain to any goalkeeper. His three-goal game against T.C.S. was most impressive.

Glassford, left wing. Second year. Dave was a steady, hard-working forward who rode in fast to score, or fed a linemate a paying pass with equal effectiveness. His behind-the-goal shift earned him a number of goals that a less adept man might have missed.

Hartt, right wing. Second year. A plugging forward who kept his wing under control, and scored often, Bob was no stylist, but a good, dependable workman, and essentially a team player.

Almond, right wing. First year colours. For an awkward skater, Paul did an outstanding job as a defensive forward—as Trinity forwards learned to their sorrow. They relied heavily on their left wingman to initiate plays inside our zone, and frequently had a man in scoring position to be fed. Paul clung to his cover so well that only a few passes came from his side, and they, at best were hurried and ill-directed.

McGee, right wing. First year. Harry found the change over from centre difficult, but creditably, he mastered the wingman's job of checking back, of boring into the corners in time for the L.C.C. game, then gave a fine repeat performance in the Old Boys' contest.

Stearns, right defence. Second year colours. Here was one great competitor. His 195 pounds catapulted down the ice at every opportunity and barged through, around or over the opposition—sometimes, with a man clinging to him, desperately. Joe's weakness was his narrowed vision—he seldom stroked a pass—but for sheer power and goalgetting drive, he had it.

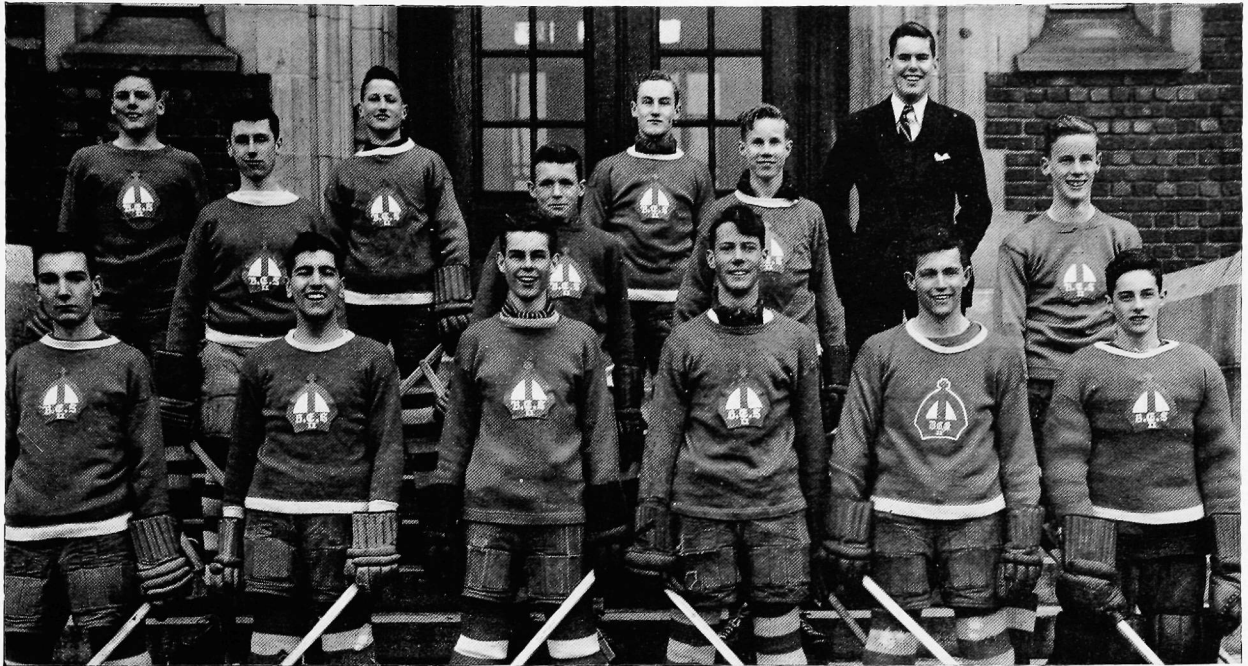

Ross, left defence. Second year. John was a vastly improved player who toned down his erratic charges and became a very sound rearguard. He could rush when the pressure was on, and was a fair scorer; generally, a sound team man.

Bignell, left defence. Second year colours. Hugh was handicapped by illness at the first of the season, but picked up where he stopped last year as a steady blocker and strong rusher.

Price, goal. Tommy had a weakness last year, his first colour season—beginner's nervousness. With a year behind him, he was as steady at the opening whistle as he was under heavy fire, and our goaling was no problem. His game against T.C.S. was a standout, and his game-goal average indicative of his great ability.

The Subs, Lawrence I in goal, Sperdakos and Gilmour on defence, were the best we have had in years and years. Though none saw sufficient play to be awarded colours, we were deep in reserve strength, and probably would have weathered, had it struck, a severe attack of injuries without appreciable weakness.

Bill Scholes, the genial manager, set a new standard in efficient handling of all problems that came up. Stick-man, tape-boy, first-aid attendant, transportation expert and foster-father—he was all those and more, too. Nice business, Bill, and thank you, very much!

MINOR HOCKEY

Minor hockey missed and gained objectives this season. Sadly, we failed to win either the Midget or Bantam titles in Q.A.H.A. competition, but we were able to provide outside games for every boy who turned out for practices. Orphans, with very strong reinforcement from First Crease supernumeraries, qualified as Second Team and beat most of their exhibition opponents. Midgets ran second to St. Pat's, and made a most successful invasion of Ottawa. Bantams tied for the runner-up spot in the Q.A.H.A. group, a good showing in view of their troubles in icing a full team. L'il Orphans, with luck, might have topped a few opponents had their industry been matched by good fortune. Minor players will fill the badly-depleted ranks of First Team next season, a task that will call for all they have, but with their experience and enthusiasm, we may well retain the A.O.B.A. cup for the third year in a row.

The past season has produced some very encouraging improvement, generally a high calibre of sportsmanship, and a fair measure of experience as two days a week would allow. All told, fourteen different teams met our minor teams during the six week season. Every boy who turned out for hockey got in at least two outside games; the more expert ones, as many as twelve or fourteen.

Minor results and teams follow:

Midgets: Goal, Lindsay, Lawrence I; Defence, Bishop, Sharwood, McLennan, Williamson; Centres, D. Price,

P. Glassford and Soutar; Left wings, Bird (Captain), J. Scholes and W. Ross; Right wings, Ashworth, R. Ross and Giles.

L'il Orphans: Goal, Scheib I, Hutchison II; Defence, Price II (Captain), Scheib II, Scheib I, Stevenson; Forwards, Rogers, Rankin, Hickey, Hogg, Tatistcheff, Christie, Spafford, Mackie, Jekill II.

L'il Orphans opponents were North Hatley High, twice; St. Paul's Troop Boy Scouts, twice; Lennoxville High.

Orphans (Second Team): Goal, Lawrence I, Garneau, Price III and Hutchison II; Defence, Gilmour, Sperdakos, LeMessurier, Gruchy, Ballantyne; Forwards, McCulloch, (Captain), MacDougall, Furse, Collier, Winkworth, Goodridge, Willcox, Wilks. Manager, Tremain.

BANTAM HOCKEY 1948

This year's Bantam Crease did not lack for hockey prowess, but the Infirmary and the Color Board took a heavy toll. The nominal team was fairly formidable in numbers, weight and skating ability. Stick-handling and passing play were good, but shooting was rather weak. Our chief handicaps were sickness and the Color Board, which put gaps in the team at several crucial times and lead us eventually to a tie for second place which might otherwise have been avoided.

When the points are totalled, it would seem that we had done very well, with thirty-nine goals in our favor and

only sixteen scored against us. However, thirty-two of our goals were scored against Lennoxville, who failed to score against us. When this fact is taken into account, our scoring over the season was seven for and sixteen against.

The end of the season produced a deadlock for second place standing in the league. Mitchell School and B.C.S. had each lost three games, two to St. Pat's and one to each other, so that both teams had won and lost the same number of games. A playoff game would have to decide which of the two teams would meet the league-leaders, St. Pat's, for the league championship. The weather became very inclement at this time, so that games could not be played on natural ice, and nothing but league championship games could be accommodated on the artificial ice of the Sherbrooke Arena. When the weather improved, we were about to sit for Easter Examinations, so that second place had to be defaulted to Mitchell School, who were eventually defeated by St. Pat's.

We doubt if we could have beaten St. Pat's, but the Team was very disappointed about losing the chance to try. Sickness and the Color Board, if we may repeat ourselves, were largely to blame, as the following data will attest:

The line-up we tried to adhere to through the season was as follows:—

Goal—Lundon and Martin.

Defence—Popham (elected Captain) and Riley, Turnbull and Cresswell.

Line—Badger, Berlyn and Williams.

Line—Setlakwe, Porter and Mather.

Line—Smith, Johnson, and Price.

The Infirmary and the Color Board often forced us to make crippling changes in the line-up. The Badger-Berlyn-Williams line deserves credit for not missing a game; Smith, Cresswell and Johnson for submitting to being shifted to a different position in practically every game; Martin for filling in in goal for the two heaviest games of the season. HOCKEY NOTES 1948

JANUARY 17—B.C.S. vs J. S. MITCHELL & Co. Won 17-2

January 17 — Bishop's College School got its hockey season off to a conspicuous start when they trounced J. S. Mitchell & Co. 17-2, in an exhibition game played at the school rink. B.C.S. took an early lead and were never behind. By the end of the first period the school led 5-1, and in the second period, added five more without a reply. In the final period they outscored the visitors 7-1. McGee and Rider stood out for the school.

JANUARY 20—B.C.S. vs ST. PAT'S JUVENILES Won 4-2

In one of the best games of the season the school won a well deserved victory over a strong St. Pat's team. It was a close checking game and the result was in doubt up to the final whistle. The score at the end of the first

period was 3-1 in the school's favour. There were no goals scored in the second period and each team tallied once in the third. Hartt and Rider were best for the school.

JANUARY 24 — B.C.S. vs THE OLD BOYS Won 3-2

The school extended their winning streak to 3 games when they defeated the Old Boys 3-2. The play was somewhat ragged and the school missed many goals due to the fine goal tending of Kenny in The Old Boys' nets. Kenny, McBoyle and Aird played well for the Old Boys while Rider was the pick of the school team.

JANUARY 27—B.C.S. vs DAWSON RED WINGS Won 7-1

The school swamped the Dawson Red Wings 7-1 in an exhibition game played in the Memorial Rink. Dawson played hard but were unable to keep up to the younger school team who played a hard and fast brand of hockey. McGee and Rider, once again, were the best for the school.

JANUARY 31 — B.C.S. vs L.C.C. Won 2-1

Both teams played a very fast and rough brand of hockey and B.C.S. scored the winning goal with only five minutes left to play in the game. Glassford scored unassisted at the 10 minute mark of the first period to put the school out in front. L.C.C. tied the game up in the early minutes of the third period when Bell scored on a pass from Robertson. Stearns then scored the winning goal. Henry and Bell stood out for the visitors while Gray and McMaster played well for the school.

FEBRUARY 3—B.C.S. vs STANSTEAD COLLEGE Won 11-2

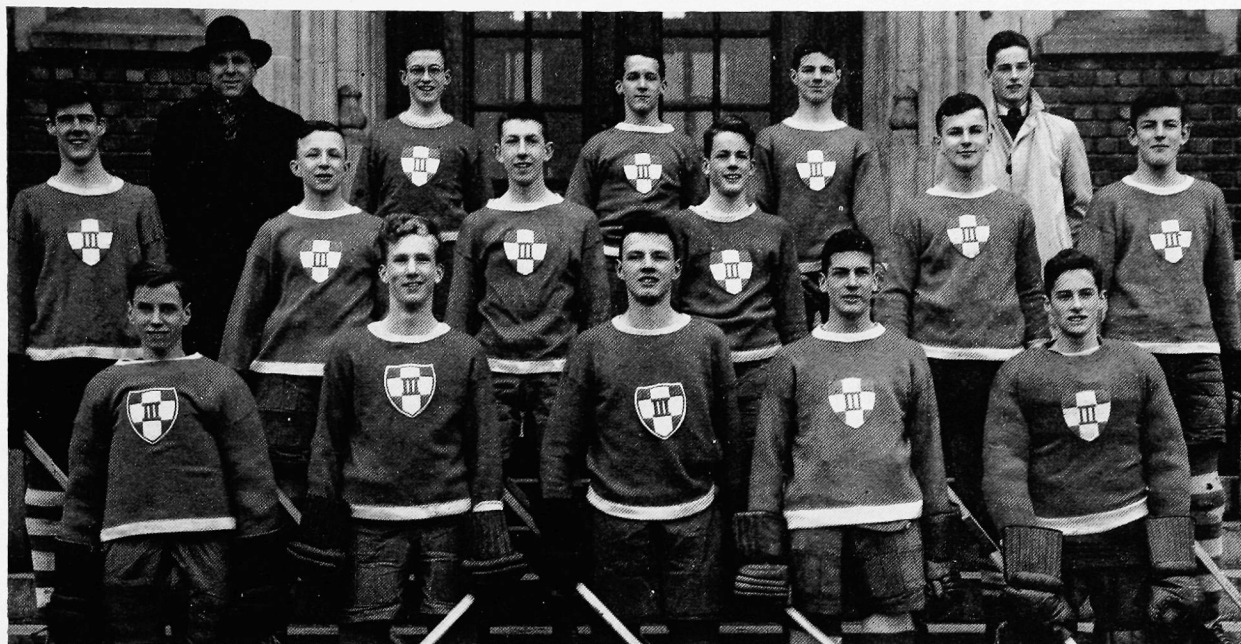

In an exhibition game played at the school rink, the school team overwhelmed Stanstead 11-2. The play was extremely fast and much of the credit for the small size of the opposition's score must go to John Lawrence for his fine goaling. Gray and Stearns also played well for the school with the latter scoring four goals.

FEBRUARY 11—B.C.S. vs STANSTEAD COLLEGE Won 4-2

Showing power in every department the team battled to a 4-2 win in a return match played on Stanstead's ice. It was a closely contested tilt, much different from the last game, all the way until Gray's goal in the third period broke the 2-2 deadlock. Ferguson played an outstanding game in the Stanstead's goal and deserves much credit. Gray and McMaster were best for the school.

FEBRUARY 14—B.C.S. vs ASHBURY COLLEGE Won 8-0

The school eliminated Ashbury College from the Ashbury Old Boys' cup series by beating them 8-0. The ice was very soft and the play was very slow. The school scored 2 goals in the first and second periods and 4 in the third. The B.C.S. forwards were all around the Ashbury goals in the third period and scored 4 fine

goals. Gray stood out for the school while Scott's play was the pick of the Ashburians.

FEBRUARY 27 — B.C.S. vs T.C.S. Won 7-3

In an outstanding exhibition of hockey, the school defeated Trinity's First Hockey Team 7-3 at the Montreal Forum. The game was very fast with both teams playing wide open hockey. The goaling was the big point of the game with Goodbody of T.C.S. and Price of the School making miraculous saves in every period. Rider played what was probably his best game since making first using his speed and fast breaking to good advantage and scored three goals. Everybody on the team played excellent hockey while Fullerton and Drummond played outstanding hockey for Trinity.

MARCH 3 — B.C.S. vs L.C.C. Won 5-0

The school won the Ashbury Old Boys' cup when they defeated the L.C.C.'s First Hockey Team 5-0. The

school played a much improved brand of hockey since their first encounter. The play was wide open with most of the play in L.C.C. zone. McGee scored the first goal for the school in the first period. Gray and McMaster then scored two goals apiece in the two remaining periods. The school, in winning the A.O.B.A. cup, scored 13 goals without having one scored on themselves.

MARCH 6 — B.C.S. vs THE OLD BOYS Won 7-6

The First Hockey Team completed their undefeated season by defeating the Old Boys 7-6. The school went into an early lead and were ahead by the score of 7-2 at the end of the second period. The Old Boys made a comeback but it fell short by one goal and when the final whistle was blown the score stood at 7-6 for the school. After the game the A.O.B.A. cup was presented to Captain Johnny Gray.

FIRST TEAM CRICKET 1948

The First Cricket Team, maintaining the record of the First Football and First Hockey Teams, remained undefeated in its five games. The team, coached by Mr. Whitlow and captained by John Ross, beat the Masters, the Montreal Wanderers, Bishop's University, and Ashbury twice to win the Governor-General's cup. The batting was, on the whole, good, but was weak at times and without some excellent bowling, backed by some very tight fielding, the team would have suffered. Ashworth, bowling throughout every game with great skill, won the bowling average. He took 32 wickets for 94 runs for an average of 2.9. He also won the batting by showing excellent form throughout the season, finishing with an average of 12 runs per game followed by Gray with 10.7. Ross I and Glassford I bowled alternately and to them must go congratulations for some really fine bowling when it was most needed. The following were awarded First Team Colours: Ross I (captain), Price I, McMaster, Ashworth, McCulloch, Gray, Hartt, Glassford I, Spurdakos, Lawrence I, Winslow.

FIRST GAME PLAYED MAY 6, ON THE SCHOOL FIELD

B.C.S. 131 MASTERS 41

In the first game of the season, the team showed some powerful batting and beat the Masters decisively. In the batting, Stearns, with 40, showed the way, followed by five or six of his teammates. In the bowling, Ashworth took 3 wickets for 8 runs and an average of 2.6. For the Masters, Mr. Doheny hit for a sixteen, while Mr. Rundle took 3 wickets for 20 runs. Following is the record:

SECOND GAME PLAYED MAY 15, ON THE SCHOOL FIELD

In two innings, the First Team beat Ashbury by a score of 123-41. Ashbury was weak in batting, but their bowling and fielding were very good. Rose, the captain, and Kenny were their best bowlers, Kenny taking 3 wickets for 9 runs in the first innings and Rose taking 7 for 18 in the second. For the school Ashworth and Price 1 hit up 30 and 15 runs, respectively, in the first innings, while Spurdakos hit up a much needed 21 in the second innings. Ashworth took 7 wickets for 6 runs in the first innings, and 5 wickets for 9 runs in the second. The summary follows:

THIRD GAME PLAYED MAY 19, ON THE SCHOOL FIELD

B.C.S. 73 U.B.C. 31

On a cold and rainy day, the School beat the University by 42 runs. For the University, Day took 5 wickets for 22 runs while for the First Team, Ashworth took three for eight and Price I three for seven. McMaster hit a very nice 34 to lead the batting for the School and Price I was next with 10 runs. Following is the detailed score:

FOURTH GAME PLAYED MAY 24, ON THE SCHOOL FIELD

B.C.S. 89 for 7 wickets, Montreal Wanderers 73

In the fourth game of the year, First Team beat the Montreal Wanderers by seven wickets. Intermittent rain made very difficult playing conditions. For the Wanderers, D. Plumbly hit a handsome 27 while his teammate, W. Wooten, batted for a 12. In the bowling, R. Smith took 4 wickets for 18 runs. Ashworth took 6 wickets for 17 runs for the School and Winslow 4 for 18, while in the batting Gray and Ashworth made a beautiful stand which netted us 63 runs, 41 for Gray, 22 for Ashworth. This was the best batting that was done throughout the season. Price I with 11 runs was the other top batter. The summary follows:

FIFTH GAME PLAYED MAY 29, AT ASHBURY

B.C.S. 126 Ashbury 114

In the closest game of the season the First beat a very much improved Ashbury team. Ashbury, showing new confidence, hit up 55 runs in the first innings and 59 in the second. For them, Rose, the Captain, played a stand-out game collecting 26 runs in the first innings and 14 in the second, and taking 8 wickets for 14 runs in the latter. Scott I batted for 9 runs in the first innings and 16 in the second, while Kenny took 3 wickets for 11 runs in the first innings and hit up a total of 11 runs. The School was once more lead by Gray and Ashworth in the first innings, Gray being put out for 16, and Ashworth for 12. In the second innings John Ross batted a very fine Captain's innings of 21 runs when it was most needed. The bowling in the first innings was highlighted by Glassford I who took 3 wickets for 2 runs, while Ashworth took 4 for 19. McCulloch and Glassford hit up a total of 14 and 13 respectively to contribute to the Team's score. Following is the summary:

UNDER XVI CRICKET COLOURS

Bird (Capt.) Has used his height and strength effectively against loose bowling; knows how to play a straight bat and is also a fair change bowler. Not a born captain but has done a good job of leadership in the field.

McCulloch II. Is liable to make a lot of runs at any time; has greatly improved his footwork and his stroke play. A useful medium paced bowler. Has done very well as captain in the occasional absence of Bird.

Bishop. Has the best stroke play and footwork in the team. Has made several excellent scores and deserved more. Shows good judgment in running between the wickets. Bowls a good length and has fielded well at point.

Ross II. An aggressive batsman who has a good eye and hits a half-volley with splendid confidence. Uses his feet quickly and intelligently. Has bowled fast medium with considerable accuracy and success.

Mackie. Like all slow bowlers is bound to be hit at times but his control of length and spin make him a menace to any batsman and he has been of great value to the team. Is also a good forcing bat when he gets his eye in.

Price III. Has a very good eye and scores freely on the leg side but has frequently been lbw. trying to turn straight balls. Not sufficiently adapted to playing forward or driving to the off. Has kept wicket very well throughout the season.

Evans. Has earned his place by his outstandingly good fielding. As a batsman was disappointing to begin with but improved steadily.

Tatistcheff. A useful leg-break bowler but without sufficient control of length to bowl many batsmen. Will not bat well until he learns to move his feet.

Spafford. Bowled a more consistently good length than anyone towards the end of the season. Will be really first class if he can keep this up. When batting he is inclined to pull away from the ball and hit across it.

Turnbull. A stolid batsman who has been useful to open the innings. Lacks judgment in calling for runs and taking them. Has fielded well behind the wicket.

Glassford II. Has played several very useful innings but had some bad luck in getting run out. Should develop into a good opening batsman.

The Ski Team Notes

The Ski Team this year was very successful, winning over all the four schools it raced against; it also won the Eastern Townships Interscholastic Meet.

Before the racing season opened, we were coached by Mr. Eric Schiller, the instructor at the Hillcrest Ski Club, who ironed out many of our faults and put us in good shape.

Our first race was the Eastern Townships Interscholastic Meet which was held at North Hatley on February 14th. In this meet B.C.S. entered both a senior and a junior team. The Junior Team was captained by Fuller and consisted of Burland II, Stewart-Patterson and Hugessen. During the absence of our captain, Burland I, who had come second in his class in the Taschereau at Mont Tremblant the weekend before, the Senior Team was led by Don Campbell with Al Corlett, Mike Ballantyne, Robin Molson and Mike McCulloch. At the end of the three events, both the senior and junior teams were ahead and thus won both team cups. The cup for the junior aggregate went to Hugessen, while the senior cup and the Eastern Townships Junior Trophy went to Campbell.

The following weekend an eight-man team travelled across the border to Plymouth, N.H., to ski against the Holderness Team for the second year. This year we seemed to have better luck and won over our American friends by a margin of four points. The slalom was won by Campbell, while the cross-country winner was Corlett.

The Eastern Townships Championships were run off on the following Saturday, February 28th. On Saturday afternoon, at Bishop's University, the cross-country race was held over an eight mile course. Even though condi-

tions were not the best, Al Corlett came in a close second and Don Campbell fifth. The downhill and slalom were held the next day at Hillcrest.

A team from Ashbury came down to ski against us the following weekend at Hillcrest, where both the slalom and downhill were run off on Saturday. Scott Price of Ashbury won the downhill with Ross of Ashbury and Campbell of B.C.S. tied in second place. The slalom was won by Ross of Ashbury. On Sunday morning the cross-country was run over our own course for the first time, and was won by our cross-country star, Al Corlett, followed closely by Robin Molson of Bishop's. Although we did not win each event our team's total enabled us to win the meet.

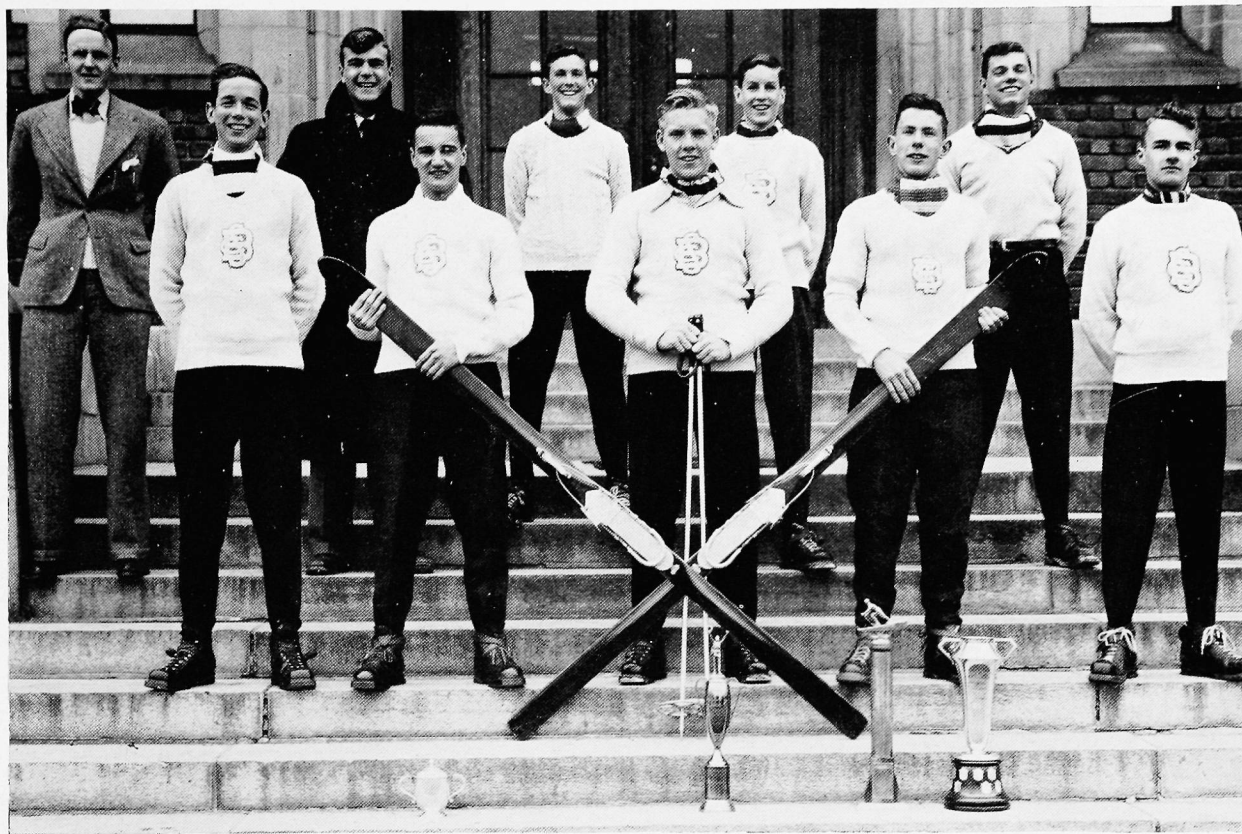

Holderness paid us a return visit the next weekend, and L.C.C. came down at the same time. In this meet all the events were won by the Bishop's boys. The slalom and the downhill were both won by Haskell Burland who had been ill most of the season, while the cross-country was won by Al Corlett who came close to breaking the course record. B.C.S. won the meet, with Holderness in second position, followed by L.C.C.

The following received Ski Team Colours: Burland I (captain), Campbell, Corlett, Molson, McCulloch II, and Ballantyne I. Corlett also won the Whittall Cup for the best all-round skier in the school.

Junior Ski Team Colours were awarded to: Fuller (captain), Burland II, Stewart-Patterson, and Hugessen.

We thank Mr. Evans and Mr. Sullivan who so kindly used their cars to drive us down to the United States. Mr. Evans is also to be thanked for his work in arranging the meets and the timing of the races.

The Track Team, 1948

Once again the Eastern Townships Interscholastic Track Meet rolled around and caught us unprepared. Trials had to be crowded in at the last minute, and only odd snatches of training and practice were had.

However, the School did very well, despite all the obstacles, placing second out of thirteen schools. The top teams were:—Stanstead, 86 points; B.C.S., 53; Cowansville, 30; Granby, 28; Sherbrooke, 25; Richmond, 22; Lennoxville, 21.

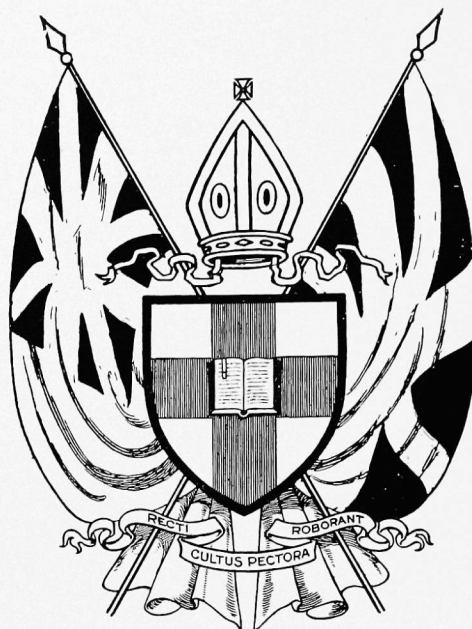

This year's team was larger than ever in numbers, and the events were widely scattered to minimize scratching due to lack of condition. In spite of this, there were several scratches. The summer term condition of the School in general is not what it was when the sun used to come out in April and May, and there was some time for training.

"Joe" Stearns won the Sherbrooke General Sports Commission Trophy for the athlete with the greatest number of points at the end of the day. He ran up a total of fifteen points. Three of these were from an open event (javelin) and did not count on the Senior Class Aggregate, so his credits in the Senior Class were twelve, one less than the winner of the aggregate in that group.

Giles emerged as a track and field star, running up a total of fifteen points in the Juniors, which won the Inspector J. H. Hunter Memorial Trophy for the high aggregate in that class by a comfortable margin.

Everyone who represented the School in the Meet deserves praise, individually and collectively, for his effort and spirit. Everyone gave of his best. The competition was stiff, there were too many preliminaries, semi-finals, etc., and there was a cold drizzle all day, yet B.C.S. spirit maintained the correct degree of cheerful but whole-hearted competitiveness.

CADET CORPS NOTES

As the year draws to a close the Cadet Corps has a strength of 128, consisting of 91 cadets and 37 recruits.

Officers: Cadet Major T. E. Price
 Cadet Capt. H. R. Burland
 Cadet Lieut. H. B. Bignell
 Cadet Lieut. D. M. Glassford
 Cadet Lieut. W. D. Scholes
 Cadet Lieut. D. M. Stearns.

Warrant Officers: Cadet C.S.M. T. B. Cresswell

 Cadet Drum Major J. T. Ross

ANNUAL INSPECTION

The Annual Inspection of No. 2 Bishop's College School Cadet Corps was held in the School Gymnasium on Saturday, 17th April 1948, at 1930 hours.

The Inspecting Officer was Major-General R. G. Morton, C.B.E., General Officer Commanding Quebec Command. Included in the inspecting party were Lt.-Col. V. E. Traversy, Officer Commanding The Black Watch (RHR) of Canada, Lt.-Col. J. L. Blue, Officer Commanding the Sherbrooke Regiment, and Major J. P. L. Gosselin, G.S.O. II Quebec Command.

The Strathcona Cup for Military Efficiency was presented to the Cadet Corps as the most efficient corps in the district for the year 1946-47. The Cup was presented by Major-General Morton and was received by Cadet Major T. E. Price, Quebec, Officer Commanding the Corps. The Strathcona Medal for Efficiency was presented to Cadet Major Price and other awards were presented to the following: Cadet Sergeant E. A. White-

head, Montreal, most efficient N.C.O.; Cadet J. M. Ballantyne, Montreal, most efficient cadet; and Recruit D. P. Reid, Westmount, most efficient recruit.

The ceremonial parade consisted of a general salute, the inspection of the corps, march past in column of platoons, march past in column of route, and the advance in review order.

Included in the inspection programme were a Bren Gun Squad, commanded by Cadet Major Price, and a Special Platoon, under the command of Cadet Lieut. D. M. Stearns, Megantic, which put on a demonstration of Guard Mounting. A P.T. Squad consisting of junior cadets presented a smoothly-rhythmic and precise series of exercises.

One of the highlights of the inspection was the Tumbling Squad whose flawless execution of difficult feats on the box horse was highly commendable. This squad was led by Cadet Captain H. R. Burland, Mount Royal, and included Cadet R. W. Cohen, Cadet M. A. McCulloch, Cadet W. Ross, Cadet W. W. Badger, Cadet Lance Corporal T. H. Bishop, Cadet Lance Corporal J. B. Giles, Cadet G. H. Garneau, Cadet D. K. Soutar, and Cadet P. Windsor.

Following the inspection the Cadet Corps formed a hollow square for remarks by the Inspecting Officer. He complimented the corps for its appearance, steadiness on parade, and for the excellent manner in which the various drill movements were performed. He was particularly impressed, he said, by the P.T. Squad's ability to perform not only smartly but quietly, which was in itself an attribute of efficiency.

CADET OFFICERS

D. M. STEARNS; D. M. GLASSFORD; W. D. SCHOLES; H. B. BIGNELL; T. B. CRESSWELL.

Absent:—F. F. Rider.

RIFLE SHOOTING

Range practice has continued to be a major activity of the Cadet Corps again this year and, due to an increase in the allotment of .22 ammunition, teams have been entered in additional competitions. The results have shown a steady improvement over 1946-47.

Four teams were entered in the D.C.R.A. Competition and scored averages of 93.36%, 89.14%, 85.92%, and 82.75%.

The two teams entered in the Royal Military College Club Competition scored 94.5% and 90.1%.

For the first time in several years the Youth of the Empire Competition was entered and, while the final results have not yet been published, the corps average might conceivably be high enough to win.

In the Annual Classification, which every cadet fires, there were 25 "Sniper" and 32 "Expert" badges awarded out of a total of 128 firers.

For the second year in succession the Best Shot in the Corps was Cadet Lance Corporal R. K. Price. Of a possible score of 560 points for the four competitions entered, Lance Corporal Price scored 542 for an average of 96.79%. In a three-way tie for second place were Cadet Sergeant P. Almond, Cadet Corporal P. Winslow, and Cadet I. M. Jamieson who had 524 points for an average of 93.57%.

In the Heavyweight class Burland I and Stearns were the finalists. With skilful boxing, Burland was able to block Stearns' powerful swings and to counter with effective punches to the body and head. Burland floored his opponent twice in the first round, and, although Stearns made a strong comeback in the next two rounds, Burland maintained an edge in the fighting, winning the decision.

In the Welterweight finals Abbott, last year's winner, met Porter II. Abbott opened the fight with his usual whirlwind attack which Porter found difficult to cope with. Porter blocked and parried for the first half of the fight, but was unable to carry on. Abbott was declared the winner on a technical knockout.

LIGHTWEIGHT

Giles and Lawrence II met in the hardest fought bout of the afternoon. Although Giles forced the fight with a heavy body attack, Lawrence's longer reach and neat left jab gave him the advantage in points. During the first two rounds the fighters appeared to be evenly matched: both were hard hitters and skilful boxers. Giles was tiring rapidly as the third round drew to a close, and the bout was awarded to Lawrence.

FEATHERWEIGHT

The Featherweight final bout was a very fast and hard hitting contest between Popham and Tatistcheff. Popham was the more aggressive and hit his opponent repeatedly with right hooks to the head and body. Tatistcheff, a skilful boxer, used his left jab to good advantage but failed to follow up with his right. An effective use of both hands might have changed the outcome of the fight. Popham's bout.

PAPERWEIGHT

In one of the best bouts of the competition Mackie and Badger were the contenders for the Paperweight Championship. Mackie, last year's winner, was the heavier hitter and, with his longer reach, was able to keep Badger's blows at a safe distance. What Badger lacked in size, he made up in determination, being constantly the aggressor. A third round knockdown by Mackie was the deciding factor, and a split decision was awarded to him.

OFFICERS FOR 1947-1948

 President / / / / / A. C. ABBOTT
 Treasurer / / / / / N. G. GOODRIDGE

Chief Secretary / / / J. M. BALLANTYNE
 Under Secretary / / / M. C. EVANS

There were three "Hat Nights" during the year, and a new departure: "Favourite Motion" Night.

Topics debated, *inter alia*, were: "Capital Punishment," "Restriction of the Press," "Irresponsibility of Youth," "Rectitude of giving India Autonomy," "Open Immigration," "Union with United States."

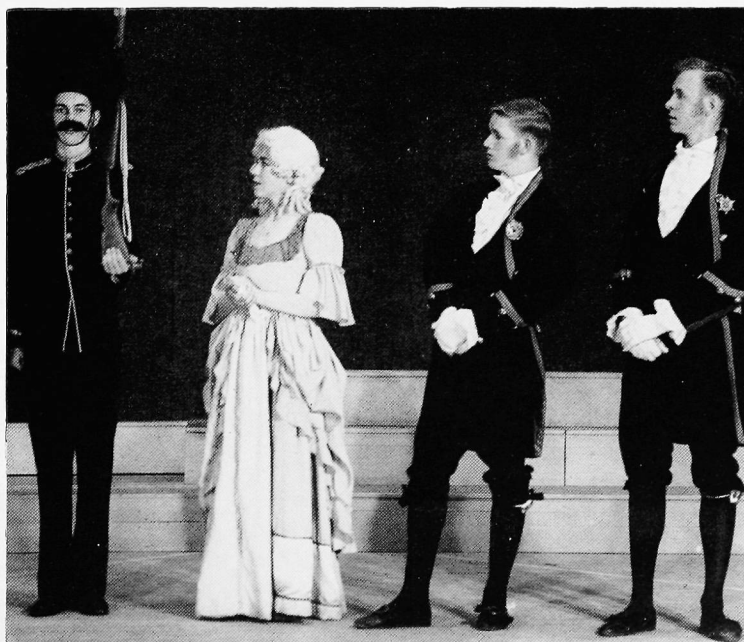

Eminently promising speakers developed during the year, with here and there a promise of brilliance.

Over the radio we listened, spellbound, to Tony Abbott, our President, speaking from the Mount Royal Hotel, Montreal, in the Provincial Rotary Oratory

Contest and were very pleasantly elated to hear his name mentioned as the Gold Medal winner for the Province of Quebec—There is a clipping from a paper on another page, so we will confine ourselves here to congratulating him most warmly.

Our congratulations to Raymond Setlakwe, President of the Society in '46, who is representing the University of Bishop's College students at the Liberal Convention in Ottawa. Earlier this year he was chosen to represent the University in a debate, in French, against Laval University.

THE FRIENDSHIP QUARTET

IOLANTHE

“Iolanthe”

The songs of Spring ran into some stiff competition as April turned into May at B.C.S. this year. On April 30th and May 1st the School added another success to its already long series when the Gilbert & Sullivan operetta “Iolanthe” was performed in the B.C.S. Playhouse. Both performances were truly magnificent, and

their standard of success can be judged by the fact that there was a general feeling in the audience that not only were they themselves enjoying themselves, but the cast was having a wonderful time too. This can only happen when the cast is confident, which is the result of long and detailed rehearsal, which is the result of painstaking direction.

Why try to pick a star? Taking refuge in alphabetical order we commend to you Tony Abbott, as Earl Tolloller. His outstanding tenor voice won plenty of admiration, and his coolness on the stage would be the envy of many an amateur with longer experience than he has. Paired with him as the Earl of Mountarat, Paul Almond did an adequate job with his bass part, and on several occasions his wide experience in acting roles enabled him to keep the action and dialogue running smoothly when others made slight errors. Robin Berlyn as one of the three principal Fairies acted his part consistently and gave promise of starring in future productions. John Chapman, another principal Fairy, sang truly and clearly, and understudied the leading lady. George Furse, as the Lord Chancellor, was perfectly at home in his part, and acted and sang with such confidence that it was hard for the audience to realize that he was a mere amateur, and a schoolboy at that. His difficult solos were handled in the traditional manner, and never for a moment, even in the “Nightmare Song,” did he come out of character. Terence Grier, the third principal Fairy, delivered his lines clearly and ably supported his ‘sisters.’ John Lawrence, in the

THE PRINCIPAL FAIRIES

THE "BLUE-BLOOD" CHORUS

exacting part of Strephon, an Arcadian Shepherd, had to combine his pleasant baritone singing with some difficult acting that called for perfect timing. His duets with Phyllis were show-stoppers, and it seemed most convincing that he should capture the hearts of both Phyllis and all the Fairies of Arcadia.

The part of the Queen of the Fairies is a problem in a school production, for the songs make an almost impossible demand on a schoolboy voice. David Martin did a remarkable job of his part, not only with his excellent alto voice, but in the fact that he most pleasantly combined dignity and humour in a very intelligent interpretation of the part. Ian McCulloch played a peer in the first act and Private Willis in the second. This involved the awe-inspiring task of starting Act Two off singlehanded, which he succeeded in doing with confidence and good effect, his solo getting encores each night. Michael McCulloch in the title role of Iolanthe played convincingly the more serious scenes of the operetta, and his gestures were well thought out and expressive.

Phyllis, the Arcadian Shepherdess and Ward in Chancery, about whom the story of the operetta revolves, was played by Wilson Patterson. His treble was strong and true, and the audience suffered none of the qualms that sometimes occur when a schoolboy voice reaches optimistically for a high note—Patterson seemed to know he was going to get them without trouble. While his speaking voice was a trifle flat it was clear and strong.

If the show had highlights, they were the choruses, comprising nearly fifty peers and fairies. Mr. Page's painstaking maintenance of an extremely high standard of chorus work throughout the rehearsals resulted in first class performances by these groups both separately and together, while Mr. Grier's solutions of the grouping problems, movements, and business ensured that there

was never a dull or awkward moment in the chorus routines.

Richly coloured costumes moving against simple and spacious backgrounds provided what can only be termed a spectacle, and the invisible and inaudible technical crews ran the show in the professional manner. The skill of Mrs. R. J. Bell at the organ and Mrs. W. T. Trenholme at the piano contributed largely to the success of the production, and we look forward with pleasure to the evening when once again Mr. Page's baton signals the curtain to open on the next Gilbert & Sullivan show.

The French Club

The French Club has concluded its 12th consecutive year of activities. The members this year were: Tremain, Cohen, Angus, Dawson, Wilks, McCord, MacLellan and Stuart. A great variety of games has been carried out in French with the result that pronunciation has been improved and vocabulary built up. Stories have been read in French and discussions carried on concerning the action and events. Pictures have been studied for several minutes and then questions, based on details remembered, have provided variety and sources of conversation. Scores have been kept at each meeting which have also added variety and interest to the meetings. Games played included: Geography, Cross Words, Jumbled Letters, Counting, My Grandmother's Trunk, Information Please, General

Knowledge, What Would You Do, If . . . ? What Am I Thinking Of?

Some of the most interesting meetings included a general discussion on some leading topic. Each member added something to the discussion and then, in turn, discussions took place on what each member had contributed. Topics included the value of travel, the benefits of sports, and factors contributing to happiness.

During the year songs have also been sung with the aid of gramophone records. *Le Reve Passe*, *La Marseillaise*, and *O Canada* have all been attempted.

The members of the French Club take this opportunity of thanking Mr. and Mrs. Hall for the use of their home and for the refreshment served at the end of each meeting.

The Camera Club

1947-48

At the commencement of the year, Jim Tremain was voted President, and Ian Jamieson, Secretary-Treasurer. Of the eight new members, H. Blejer and D. Reid have shown the most improvement. After picking up the principle of darkroom work, they passed on their knowledge to the other members, and, like the other members, made their hours in subdued light pay dividends.

There is a Monitor, two Bantams, two Argus A2, an Argus C3, a Vigilant and many reflexes among the cameras belonging to the members of the club.

During the second term, paper was in great demand. "Trem" was renewing solutions every morning. Everyone was being exact in exposures and developments. "Dodging" was being used. Then, on the weekend of April twenty-eighth to May the second, the Camera Club put forth its first exhibition in five years. As a result of it, H. Blejer, D. Reid, I. Tennant, J. Tremain and M. Wall, had pictures exhibited by the Sherbrooke

Art Association in their annual exhibition of May seventh to ninth.

Pictures are taken for the magazine by members of the club, and much interest is taken in the processing of outside films.

I think that this year the purpose of the Camera Club has been upheld. That is, teaching enthusiastic amateurs the fundamentals of developing, printing and enlarging. The majority of the members had had no experience in this line before they came here. Thanks to Miss Hébert, of Sear's Studio in Sherbrooke, who criticized our exhibition, the standards of the Camera Club have returned somewhat to their precedents of former years.

I want to take this opportunity to express our thanks to Mr. Moffat for his help in running the club, and also to both Mr. and Mrs. Moffat for their assistance in mounting the pictures for the exhibition. J.W.T.

The Yardstick Club

The Yardstick Club was founded by a group of senior boys at B.C.S. this year to stimulate interest in world affairs. This was done by inviting speakers to come to Lennoxville to address the Yardstick on various topics of current interest, on Sunday evenings. The speakers, without exception, were men of very high calibre, and we, the members of the Club, appreciate enormously both their talks and the informal conversations which followed their addresses. This year we were privileged to have the following gentlemen speak to us: Col. C.G.M. Grier, M.A., our headmaster, on Canadian history; Prof. D.C. Masters,

Bishop's University, on the world situation at the turn of the century; Mr. C. L. Bryson, O.B.E., on the period of British Rule in India; Mr. B. N. Holtham, K.C. of Sherbrooke, Barrister at Law, on book-collecting; Mr. John Bassett Jr., Editor and Vice-President of the Sherbrooke Daily Record, on the growth of the Conservative Party; Mr. W. V. Scully, Deputy Minister of Finance, of Ottawa, on taxation; Mr. Murray Ballantyne, M.A., Editor of the Quebec Chapter of the Canadian Registrar, of Montreal, on the French Roman Catholic situation in Quebec; and Mr. R. Perron, Chief of Labour Relations,

Dominion Textile Corporation, of Montreal, on labour relations. To all these men we convey our most sincere thanks.

We would also like to thank Mr. and Mrs. Grier for their kind patronage during the year. Mr. Grier helped in the formation of the Club and in the procurement of speakers. Mrs. Grier allowed a herd of twelve boys to invade her home on eight weekends during the year and not only sat by while they sprawled over the furniture, but also sent them away with their little tummies full of cake and coffee.

The Yardstick Club was a great success this year. We,

the members, feel that we have gained immeasurably from this organization, and it is our hope, that in years to come, it may be expanded to include all the boys desiring to join.

Chapman's House

This year Chapman House lived up to the fine reputation it had acquired in previous years. We won the Senior Cross-country Race by a wide margin as everyone in the House ran. Collier was the leading man of the House coming in a good second behind the winner. The House has been patrolled this year by Hugh Bignell, and Tom Price, the House prefects, Paul Almond, Fred Rider and Thomas Cresswell, and in the Trinity Term Ernest LeMessurier, who filled the vacancy left by Fred Rider, who left the school.

The House was well represented on all First Teams, with Hugh Bignell, Tom Price, Ernie LeMessurier, Fred Rider, Timmy Ballantyne, Thomas Cresswell, Marty Collier, George Sperdakos and Don Faerman, on the First

Football Team; Hugh Bignell, Tom Price, Fred Rider and Paul Almond on the First Hockey Team; Dinny Campbell on the First Ski Team; and Tom Price, Georgie Sperdakos and Paul Almond on the Cricket Team. Besides these many of the boys played on Second or Third Teams.

The House would like to take this opportunity to thank Mr. and Mrs. Moffat for their kind hospitality and the prefects and headboys would like to thank them for letting us use their kitchen.

Summing this year all up, we can only say that it was a terrific year and we are all eagerly training to add the Tuck Shop Cup for the Senior Dorm Relay, to our collection.

T.E.P.

Williams' House

At the time of this writing, Williams House is receiving a very thorough face-lifting, in conjunction with the plans for additional school residences which are being built during the summer months. As a result, the six inhabitants now live in the main building, School House, and will stay there for the remainder of the term. Nevertheless, it has been a successful year. During the Lent Term, John Scholes, a House headboy, played hockey for the Midgets, and John Lawrence, besides acting as sub-goalie for the First Team, played regularly for the Midgets. His brother, Don, became manager of the same team. Both George Furse and Noel Goodridge played hockey for the Second Team Orphans, and Mike Ballantyne skied for the First Team.

The leading role of Strephon was taken by John Lawrence in the operetta, "Iolanthe," and George Furse played the difficult and amusing role of the Lord Chancellor to perfection. Don Lawrence and Mike Ballantyne sang in the Chorus of Peers.

The House was represented on the First Cricket XI by John Lawrence, who in addition has been librarian for the past year. Brains have been rattling crazily around the House this last term with a Senior Matric in sight for three of its members, and a Junior for the remaining three. Moreover, Goodridge and Ballantyne are busy scribbling poesy for the Kenneth Hugessen Prize.

We were sorry to lose Ernie LeMessurier to Chapman House, but he had gained a worthy promotion to the rank of headboy in order to take over Fred Rider's duties.

Mr. and Mrs. Patriquin have been very kind to us during the whole year, and we are grateful for the steady interest they have shown in us since September. Next Fall the House will be more than tripled in size, so at last we will have caught up with Chapman House, and also increased the house master's burden!

FORTUNE

*The woods are green round Lennoxville
 Beneath the blue of day;
Where summer beckons from the Hill,
 And fortune points the way.
Young Fortune stands by sunny ways
 Delightful, smiling, free;
With summer flowers and golden hours
 She waits for me, she waits for me.*

*Could all my hours be counted,
 Would all my dreams be true?
Will all my friends prove faithful
 And all be true, true blue?
Young Fortune stands by sunny ways,
 Inviting, luring, see!
With lavish showers of morning hours
 She beckons me, she beckons me.*

*With gracious mien she speaks to me
 As summer gowned she stands:
You shall be beautiful and strong
 In this, or other lands!
As Fortune speaks by sunny ways
 “To be or not to be”
With wealth of powers and golden hours
 What shall I do? She beckons me.*

HOCKEY

The Prep began its hockey season this year with only two boys who had played on first crease before. Though Mr. Day did a wonderful job as coach, it was too much to expect the team to win many games. We tied one of our games against Lennoxville, but lost all the others, including two to Sherbrooke, two to Stanstead, two to the Upper Bantams, and one to Lennoxville. We also lost our annual game against Selwyn House by a score of 11-0. Hart and Mitchell deserve special comment for their play throughout the season.

Second crease, under Mr. Farthing, had only nine players. The best of these were Christie, Findlay, Kingsmill and Taylor.

Third crease, under Mr. Day, had some very promising young players coming on. These were Bassett, Dixon, Johnson, Patriquin and Smith.

J. CHAPMAN.

THE TRACK MEET AT SHERBROOKE

On Saturday the 22nd of May five boys from the Prep represented the school in the Midget class (Under XIII) at the Sherbrooke Track Meet. Altogether they won 8 points for the school; 4 in the 50 yard dash, 3 in the relay, and 1 in the broad jump.

There were a great many entries in the 50 yard dash. Turnbull and Ogilvie both won their heats and then came first and second in their semi-finals. In the final Turnbull tied for first place, while Ogilvie came fourth. The relay team of Turnbull, Ogilvie, Mitchell and Bassett then came second in its heat, and second in the final. In the

two jumps Turnbull and Tremain failed to qualify for points in the high jump, but Turnbull came third in the broad.

M. OGILVIE.

PREP TRACK AND FIELD EVENTS

The most notable feature of the Prep sports events this year was the new Prep record set by Roger Hart in Throwing the Cricket Ball. In making the remarkable throw of 215 feet he added 5 feet to the previous record. In the Open events as a whole three boys—Briggs, Turnbull, and Hart—won all but 8 of a possible 54 points. In other words, with the exception of Cohen's win in the hurdles, they divided all first and second places among them, and even half of the thirds. Briggs, with 19 points, won both the jumps and came second in every other event except the 100 yard; Turnbull, with 14 points, won both sprints, came second in the broad and third in the hurdles; Hart, with 13 points, won the cricket ball throw and came either second or third in each of the jumps and the sprints. Of the remaining 8 points Cohen won 6, and Downs 2. The full results are as follows:

Open Events	First	Second	Third
100 Yard Dash - -	Turnbull	Hart	Downs

BOXING

Every week boys from the Prep have been given boxing instruction by Mr. Sullivan. They have learnt a number of guards and a variety of ways to throw proper punches. All the boys are quite good, and many are becoming skilful boxers. This was shown in the annual boxing competition, which provided a number of good fights, twenty-eight boxers competing in five weights.

In one of the closest fights of the competition Badger II and Bassett fought for the flyweight title. The result was a win for Bassett.

In the bantamweight Kingsmill put up a good fight, but was visibly beaten by Cohen II, who went on to beat Bonthron for the title.

The featherweight boxers were all well matched. Although Ogilvie III won the title, it was only by a slight edge over Trott.

In the lightweight class Briggs and Tremain fought their way to the finals. After a close fight Briggs won the title.

There were two very good fights in the welterweight. Hart and Christie opened up with a hard hitting fight, which Hart won. In the final Hart met Mitchell, who had defeated Carter. Hart won this fight and gained the title.

At the close of the competition Mr. Page presented each of the five winners with a little bronze boxing glove. The Stoker Cup, which is awarded each year to the best boxer in the Prep, was presented to Hart on prize day.

J. TURNBULL and J. CANTLIE

GYM COMPETITION

The Prep Gym Competition took place on Friday, May 14th. Twelve of the best gymnasts out of the Prep's thirty-nine boys took part in the performance.

First there was work on the mats and the box horse, after which there was rope climbing, in which nearly everyone gained full marks. Then came the parallel and the single bar exercises, in which about sixteen marks were lost. The six boys who made the gym team were: Cohen, with 148 marks out of 150; Briggs, with 142; Bryson, with 138; Kingsmill, with 137; Downs, with 136; and Bonthron, with 134 marks.

D. BRYSON.

THE RICHARDSON CUP

The Richardson Cup is given each year in the Prep to the boy who, on the basis of points assigned, is found to be the best all-round athlete in the school. This year the cup was won by J. Briggs with a total of 46 points. Cohen was second with 38 points, Hart third with 33, and Turnbull fourth with 29. The full results for the first 10 boys in the Prep are as follows:

	(Soc.	Hock.	Cri.)	Ski.	Gym	Box.	Cri.	Track	Total

THE CADET INSPECTION

This year, as usual, the Prep took part in the annual Cadet Inspection, which was held in the school gym on April 17th. The Prep, who had to do twelve P.T. exercises, did their part quite well. For over two months before the Inspection we had been practising every Wednesday afternoon for half an hour under Mr. Sullivan's supervision.

The Upper and Middle School put on a very good display, the most notable part of which was the tumbling squad, led by Burland I. Major-General R. G. Mortson inspected the cadets and awarded the Strathcona Cup to Price I.

J. OGILVIE.

IOLANTHE

This year nineteen boys from the Prep School took part in the Gilbert and Sullivan operetta, Iolanthe, which was said to be even better than previous school productions of Gilbert and Sullivan. The Prep boys took part in the Fairies' Chorus and also provided two of the Fairy principals, T. Grier and J. Chapman, who acted their parts quite well. All of the boys enjoyed taking part in the opera, though some of the practices were rather tedious at times. The boys from the Prep who took part in the performance were: Ashworth, Bryson I, Carter, Cantlie, Downs, Findlay, Hart, Kingsmill, Mitchell, Ogilvie II, Ogilvie III, Patriquin, Percy, Scott, Smith, Tremain, Trott, Chapman and Grier.

THE CHOIR TRIP TO MONTREAL

The Choir was this year invited to sing at Christ Church Cathedral, Montreal, on Sunday, May the 9th. Many parents were very kind in asking out the boys who did not live in Montreal.

The service opened with the hymn, 'Hail the Day that Sees Him Rise.' This was followed by the anthem, 'Lift Up your Heads, O ye Gates.' After this came the hymn, 'The Lord Ascendeth up on High,' followed by the sermon by the Rev. Brian Whitlow, the school chaplain. This was followed by the hymn, 'Praise to the Holiest in the Height.' Then came the Blessing and the seven-fold Amen, followed by the recessional hymn, 'Praise, my Soul, the King of Heaven.'

We thank most gratefully the parents and friends of the school who were kind enough to put up another boy.

FIRST CRICKET TEAM

W. A. PAGE, Esq., (Headmaster); J. C. FARTHING, Esq.
 Middle Row:—R. CARTER; D. VAUGHAN; B. MITCHELL; J. TURNBULL; C. COHEN.
 Front Row:—R. HART; T. GRIER; M. OGILVIE, (Captain); J. BRIGGS; A. ASHWORTH; T. TREMAIN.
 In Front:—G. MANOLOVICI, (Scorer).

CRICKET

The Prep Cricket Team was not as successful as usual this year and failed to win a game. We lost three games against an Under XVI B team from the Upper School, as well as both our annual home and home games against Selwyn House. In Montreal Selwyn House won by a score of 55-36, and in the game out here by 80-65. Their bowling was very strong and their fielding much better than ours. We did better in the second inning of the second game, however, when Ashworth took four wickets in one over (including the hat trick), Briggs made 21 not out, and Ogilvie II made 17. The team was as follows: Ogilvie II (Captain), Ashworth, Briggs, Carter, Cohen, Grier, Hart, Mitchell, Tremain, Turnbull and Vaughan.

Ogilvie II won the batting average with 10.8 runs, and Briggs was second with 7. Ashworth won the bowling average with 5.5 runs per wicket, while Grier was second with 6.2. Mr. Farthing was the coach.

The best players on second crease, which was coached by Mr. Day, were Johnson, Ogilvie III, Manolovici, Bryson, Kingsmill and Scott.

Mr. Page coached the third crease and, as in previous years, turned out some very keen and promising cricketers.

The best players on the crease were Badger, Bassett, Dixon, Percy and Smith.

ART AND HANDICRAFT

This term we have had an enjoyable time in Art and Handicraft and we all wish to thank Mrs. McMann for her help and patience. She has taught us to make some very interesting things.

In Remove we have learned how to do lino-cut work and to frame the paintings we have done with passe-partout. We have also made autograph books with suede covers and have learned to make designs on the suede.

In the other forms they have done a lot of painting and have designed their own valentines and Easter cards. They have also made suede belts which they designed for themselves.

C. COHEN.

THE LIBRARY

The Library has brought enjoyment to very many boys. Their favourite books are by Terhune, Burroughs, Ferris and Dixon. Books like the Books of Knowledge are also read a great deal and are helpful to the masters as well as the boys.

C. COHEN.

CONFIRMATION

On Sunday, May 2nd, a Confirmation Service was held in St. Mark's Chapel. It was taken by the Archbishop of Quebec. Twenty-two boys were confirmed, nine of whom were from the Prep. The service was very beautiful, and there was a large congregation due to the presence of many of the boys' parents. On the following Thursday, Ascension Day, the boys who had been confirmed went to an early morning Eucharist in St. Mark's Chapel and made their first Communion. The boys in the Prep who were confirmed were: Carter, Chapman, Christie, Findlay, Grier, Hart, Mitchell, Turnbull and Vaughan.

G. FINDLAY.

THE CAMERA CLUB

This year the Camera Club, with the wonderful help of Mr. McMann, has been taking some very good pictures. Out of the seventeen boys who joined the club Mr. McMann has taught nine to develop and print. These are: Ashworth, Carter, Chapman, Cohen, Grier, Hart, Ogilvie II, Tremain and Vaughan. Ashworth, Carter and Tremain have done the most work in the dark room.

The rest of the club, who have taken some very good pictures and who are anxious to learn to develop and print are: Bassett, Briggs, Dever, Findlay, Scheib, Smith, Ogilvie III and Taylor. Some of the best pictures have been taken by Bassett, Cohen, Dever, Scheib and Taylor.

We all wish to thank Mr. McMann for all the time

he has spent in teaching us how to use the dark room and how to take good pictures.

T. TREMAIN.

ARCHERY

Under the general supervision of John Chapman there have been four keen archers in the Prep this term: Chapman, Vaughan, Taylor and Kingsmill. They aren't by any means perfect shots, but they can hit a rifle target at 15 yards fairly easily.

Chapman's bow is a 45 pounder, while Taylor's and Kingsmill's are 35 pounders, and Vaughan's a 20 pounder. But no matter how strong they are, they are all good bows. All of them, except Vaughan's, were made by H. W. Hamilton of Montreal, an expert bow maker who makes them as a hobby.

M. KINGSMILL.

PRINTING

This year Dever and Weinstein brought printing presses to school and started to print newspapers, as well as printing the names of boys on envelopes and writing paper. In the summer term not much was done because everyone had everything he wanted, but we hope there will be lots of printing again next year.

A. WEINSTEIN.

DAMS

In the spring when water flows down the hill at the back of the school the boys have great fun building dams. This year was a very good year for dams. Tremain had the biggest one, and Cantlie the next, while Bryson, Cohen, Dever, Findlay, Goodridge, Johnson, Percy, Trott and Vaughan had smaller ones.

THE ANNUAL SKI TRIP TO NORTH HATLEY

This year, as in previous years, the Prep Ski Meet was held at North Hatley. At 9.30 we all climbed into the bus at the school and had a very pleasant ride to the Pleasant View Inn, North Hatley, where we arrived in plenty of time to ski over to the hill and run off the Downhill race. Almost everyone entered this race, and in the end it was won by Briggs, with Bonthron and Cohen a close second. After ski-ing around for a little while after the race, we went back to the Pleasant View Inn where we were served a delicious dinner.

In the afternoon we skied back to the hill to run off the Slalom race. This race took longer to run than the Downhill, although fewer boys were entered. This time Bonthron came first, and Ogilvie II second. There was no time to do any more ski-ing, so we skied back to the Inn where the bus was waiting for us. After an enjoyable ride we arrived back at school, tired but happy.

The Cross-country race had already been run off at the Prep and was won by J. Chapman, with B. Mitchell second.

T. GRIER.

THE MIDGET SKI-MEET

On the last Saturday of February the Prep Midget Ski Team went to North Hatley. The original team consisted of Johnson, Kingsmill, Ogilvie III, and Bonthron. But unfortunately Ogilvie III and Kingsmill were in the infirmary at the time, and their places had to be taken by two subs. These were Ogilvie II and Trott, who turned out to be of great value to the team. When we arrived at North Hatley we found that Stanstead had not entered a team this year, and as a result there were only eight boys in the meet, four from the Prep and four from North Hatley.

About 10 o'clock in the morning we started off with the Cross-Country race, which was won by Kliche of

North Hatley, with Trott of B.C.S. second. A few minutes later the Downhill race was run. In this race Deacon of North Hatley came first, and Johnson of B.C.S. second. After these two races we all went down to the Hob Nob restaurant and had an excellent lunch.

In the afternoon we went up the hill again and ran off the Slalom race. Deacon, of North Hatley, won this race also with a time of 1 minute and 10 seconds. Bonthron, of B.C.S., came second with a time of 1 minute and 19½ seconds. After the Slalom was over we all went back to the Hob Nob for the presentation of prizes.

The final score showed that North Hatley had won the meet. Bishop's won the Downhill and Slalom combined by 9.6 points, but, as North Hatley won the Cross-country by 15 points, they therefore won the meet by 5.4 points. As the North Hatley team has now won the Cup for three years in a row, the names of the boys on the team are to be engraved on it.

After the prizes were presented we went home in a taxi, had supper, and right after supper went to Beddie-bye.

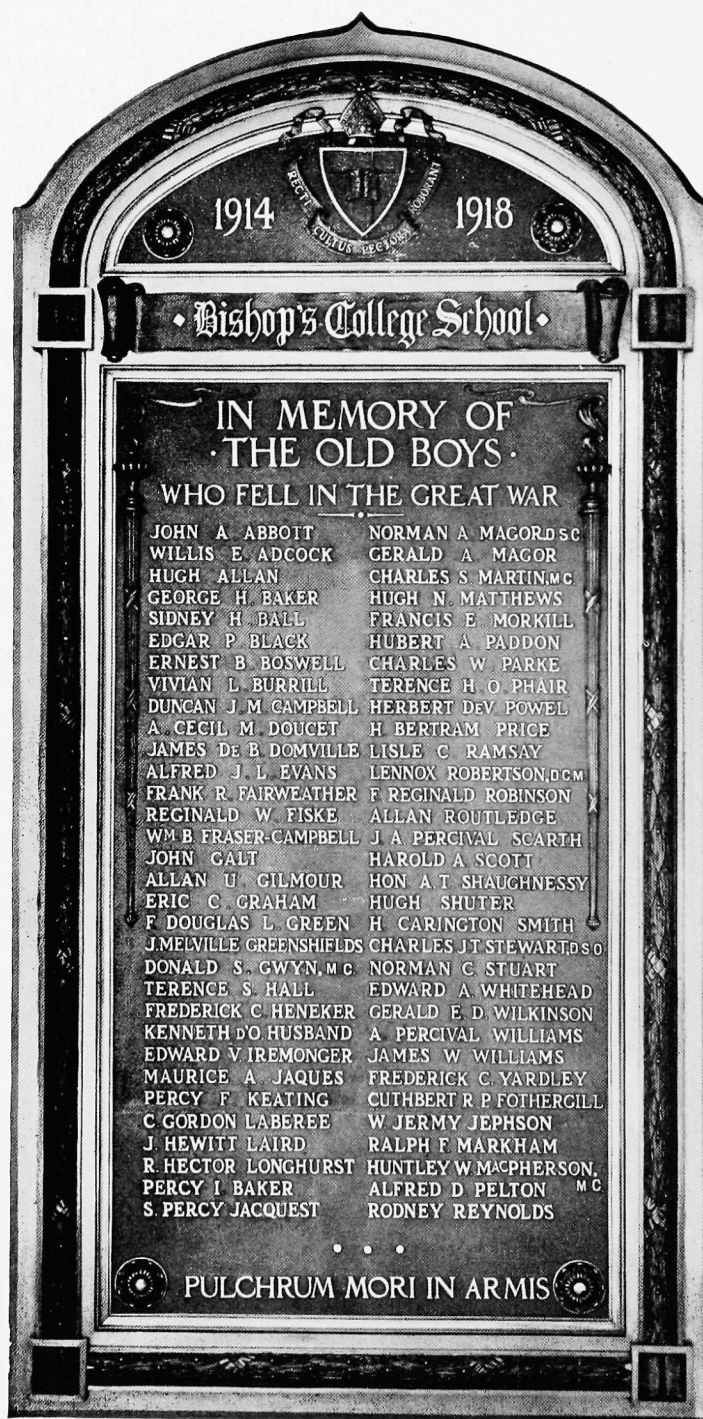

J. BONTHRON.

THE 24TH OF MAY WEEK-END

On the week-end of the 24th some of the boys' parents came out to the school, and on Sunday at the Confirmation service the chapel was so full that some people couldn't even get in. That afternoon some of the boys went out with their parents, and that night we all went to bed thinking of the bicycle trip next morning.

When we got up next morning, however, it was raining so hard we couldn't go, but later the sun came out, and we went out and played in the dams. We had the wiener roast inside that afternoon, but we went out again in the evening and set off our fireworks. We didn't have the bonfire until the next Sunday night because the wood was wet.

Old Boys' Notes

Another year draws to a close—a year which in the history of the School, we feel safe in saying, has few parallels. The Rugby team won all its games; the Hockey team won all its games; the Cricket team defeated Ashbury and The Wanderers; the Skiing team won the E.T. Junior Championship for the second year, and defeated L.C.C., Ashbury and Holderness School, New Hampshire; the Choir, maintaining its usual excellent standard at the Christmas Carol Service, sang at Christ Church Cathedral, Montreal, on May 9th, rendering the anthem, "Lift up your heads, O ye gates," and singing, for the first time, the hymn, "The Lord ascendeth upon high," words by A. T. Russell, and music from the Genevan Psalter; congratulations, richly deserved, are still coming in for the School's production of Gilbert and Sullivan's Opera, "Iolanthe"; the Cadet Corps inspection was excellent, the inspecting officer, Major-General Morton, being greatly impressed; the Players' Club gave an excellent performance of "Arsenic and Old Lace"; the Boxing and Gym Competitions were of a high order; the Prefects have carried out their duties in a very able and commendable manner; the Chalet Committee has been one of the most efficient to date; A. Abbott won the Rotary Club Boys' Public Speaking Contest in Montreal; A. Corlett broke the Cross Country record; the Photography Club held a fine exhibit at the end of April; the Track team placed 2nd at the Meet held in Sherbrooke, on May 22nd; and, to add to these achievements, the boys are hoping for fine results at the School Sports' Day, June 9th, and at the McGill Matriculation exams.

Old Boys join in congratulating most enthusiastically all members of the School for their united efforts in chalking up so many records and in making this a truly 'annus mirabilis' in the School's history.

II

The annual Meeting and Dinner of the Old Boys' Association took place at the Montreal Club on February 5th, at which about 80 were present. Weir Davis, the President, in an excellent and well-delivered speech, introduced the guest speaker, Ogden Glass, Headmaster of Ashbury. The latter delivered a very fine address on the value of education—in its broadest meaning—in facing the mighty problems of to-day. "What you wish your children to be," said he, "depends on what you yourselves are." He declared that we all must improve ourselves spiritually, intellectually and morally in order to make the world a safe place in which to live. The President read a letter from Dr. S. P. Smith regretting his inability, due to bad travelling conditions and advancing age, to be present at the Dinner. In the absence of the Headmaster, Col. Grier, the toast to the School was proposed by H. L. Hall.

It is gratifying to note that the membership in the Association has reached the 330 mark. Annual fees, due in February, should be sent to T. H. MONTGOMERY, P.O. Box 250, PLACE D'ARMES, MONTREAL. All expenditures in connection with the Association are met out of these fees. The mailing list of the BULLETIN is now 800. There are still over 450 Old Boys who receive the BULLETIN but who have not, as yet, become members of the Association. May we appeal to them to join us, who are paying members, in developing the strongest possible link between the School and the Association. \$1.00 goes to the Scholarship Fund, and the more Old Boys who join as members, the greater are the possibilities of increasing Scholarship awards. Numerous Old Boys at the Dinner remarked that it was a pity so many others—chiefly the younger ones—were missing such a happy B.C.S. get-together. One finds oneself groping for words to define this spirit which Old Boys have for their Old School. But it is very much alive, and it lives in a most enthusiastic group of Old Boys proud of their Old School. Why not swell the ranks

of this group, and with your aid help to further the aims of the Association. Join the Association now; and then next year, make up a party, keep track of the date of the Dinner, and pledge yourself to be present. Having once come, you will not want to miss another.

**QUALITY HAS
NO SUBSTITUTE**

Everything is being done to speed the return of your favorite Dack's Shoes . . . but we are still unable to meet fully the insistent demand.

There is no substitute for quality . . . and we know you would not have us sacrifice the high Dack standards, however pressing the occasion.

Increased production is under way . . . so watch for Dack's Shoes. Like all things worthwhile, they are worth waiting for.
